Should Shoreline Take To Hills?

By STEPHEN COOK

Should a new route for the Shoreline Highway follow the present cliffside alignment, through Stinson Beach and Bolinas?

Should it, instead, strike off at Muir Beach, climb Mount Tamalpais and run along the ridge to the Point Reyes National Seashore?

These were the divisive questions last night during a four-person panel discussion of the Shoreline and its future before members of the Marin Conservation League.

Favoring the route through Stinson and Bolinas were Margaret Azevedo of the Marin County Planning Commission and Mary Summers, co-designer of the West Marin Master Plan.

Albert Solnit, chief planner with the Marin County Planning Department, held there should at least be an examination of the ridge route.

Harry Dean Jr., regional supervisor of planning for the State Division of Beaches and Parks, was neutral on that issue but suggested that plans to run the road from Rodeo Lagoon to Muir Beach along the shoreline might not work.

Solnit argued the county should not choose a route now, but should give the State Division of Highways an alternative to the route through Stinson and Bolinas.

"When you run a 45-mile-per-hour expressway through Bolinas, you make it as easy to commute from there as from Corte Madera. Now you are talking about an avenue which could develop as a second commute corridor. We didn't do so well with our first commute corridor.

"The people I've talked to in Bolinas would rather have it remain a small town than jump to the 15,000 holding capacity in 10 years," Solnit said.

"I just don't understand a road that doesn't take the people where they want to go," said Mrs. Azevedo.

She said she is just as protective of Bootjack Camp and other mountain areas which might be affected by the ridge route as Solnit is of Bolinas Lagoon.

The planning commission's recommended Shoreline route would slightly skirt Stinson Beach, not split the town, she said.

The county should select a route and concept for the Shoreline, get state concurrence, get the route officially designated as a scenic highway, then hold the land to see if the

Westmoreland In A Victory Mood

WASHINGTON (UPI) — Gen. William C. Westmoreland said today the United States has reached a point in the Vietnam war at which "the end begins to come into view."

Westmoreland, the U. S. commander in Vietnam, stopped short of predicting just when that end might come, but declared:

"I am absolutely certain that whereas in 1965 the enemy was winning, today he is certainly losing . . . The are indications that the Viet Cong and even Hanoi know this."

For one thing, he said the Viet Cong no longer is able to replenish its ranks in the South but must depend increasingly on replacements from the North.

Westmoreland assessed the progress of the war in a long speech at the National Press Club following a two-hour White House conference with President Johnson and all his top advisers on the war — diplomatic, military and intelligence.

Elaborating on a "new phase" of the war he disclosed during the weekend, Westmoreland said the United States intends to turn over "a major share" of the front line defense of the Demilitarized Zone (DMZ) to the South Vietnamese.

During the weekend, he said that by turning more of the fighting over to South Vietnam, the United States held out cautious hope of bringing at least a token number of U. S. troops home within two years.

In the text of his Press Club address, the general said: "We have reached an important point when the end begins to come into view."

Westmoreland said "with 1968, a new phase is now starting"—that, in fact, parts of it had already begun. He called it "Phase three" of the war.

During 1968, the general said, the United States intends, among other things, to:

"Turn a major share of the front line DMZ defense over to the Vietnamese Army." The

Dramatic Lift Of Copters In Raging Battle

SAIGON (UPI)—U.S. helicopters flew in behind a stream of bombs and flaming napalm today and evacuated American casualties from the side of a jungle-covered hill where strong North Vietnamese forces had pinned down about 1,000 U.S. paratroopers for three days.

As the helicopters began shuttling out the wounded, the men of the 173rd Airborne Brigade launched another assault against the Communists, dug in atop Hill 875 near Dak To in the Central Highlands.

FOOD LOW

U.S. pilots earlier slammed tons of high explosives and napalm into the Communist stronghold to relieve the paratroopers trapped with supplies of food, arms and medicine running low.

The paratroopers had made repeated assaults since Sunday to rout the North Vietnamese from the strategic heights, about 14 miles southwest of Dak To and two miles from the Cambodian border.

SCORES OF WOUNDED

U.S. medical officers reported scores of wounded paratroopers were suffering from exposure after three days of waiting in the jungles for evacuation. Reports said every one of the medics with the force had been killed or wounded since the battle flared. At least 239 GI have been killed in the 19-day onslaught.

The Communist fire had driven off fleets of helicopters attempting to reach the paratroopers earlier, damaging at least 10. One American helicopter did get through and took out five wounded GIs and Maj. William Kelly of Chattanooga, Tenn., who said:

"There's not an officer in there without a scratch on him. In fact, there are not many people in there without a scratch."

Senate Passes Remapping Bill

McCarthy Votes Against

SACRAMENTO (AP) — The Senate voted 22-15 today for a compromise congressional reapportionment plan frankly designed to keep incumbents of both parties in office.

Three Republican and one Democratic senator opposed the plan during debate. The bill was drawn up by a Senate-Assembly conference committee. The measure was sent to the Assembly after Senate approval, and the lower house was expected to approve the compromise late in the day.

McCARTHY VOTE

Sen. John F. McCarthy, R-San Rafael, voted against the plan by the conference committee, which dropped his proposal to keep Marin intact by shifting it to Contra Costa's seventh district.

"Kings County is murdered. It's thrown clear over to the coast," said Sen. Walter W. Stiern, D-Bakersfield.

Sen. James R. Mills, D-San Diego, carried the legislation, calling such a measure "the most political type of bill."

'NO OTHER WAY'

"It's true the bill does protect incumbents," said Sen. Lewis F. Sherman, R-Berkeley. "There's no other practical way."

The state currently has 21

Civic Leader Roy A. Ibach Dead At 75

Roy A. Ibach, 75, for years active in civic and service organizations in Marin, died yesterday at a local hospital after a long history of heart trouble.

Ibach was born in San Jose and attended San Francisco schools. He served at sea with the Navy in World War I and was executive officer for training at Treasure Island during World War II. He retired from the service as a commander.

In 1925, Ibach moved to Mill Valley where he became a partner in the Mill Valley Lumber Co., a business from which he retired some years ago. He resided with his wife, Marion C. Ibach, president of the Marin General Hospital Board of Directors, at 23 Mesa Avenue, Mill Valley, since 1937.

Ibach was an honorary life member of the Mill Valley School District Parent-Teacher Association and had been active in Boy Scout activities for 43 years. He was past president of the Marin Council of Boy Scouts and was a member of the national scout activities.

He was a past president of the Mill Valley Rotary Club, a member of the Mill Valley Chamber of Commerce and a former member of the Mill Valley Planning Commission. He was past vice chairman of the board of San Rafael Military Academy.

Ibach had, until recently, been chairman of the Marin County Juvenile Justice Commission and was a chairman of the commission. He was a member of the Marin Juvenile Court Auxiliary.

He was a life member of the Mill Valley American Legion Post and its first commander, a member of the Retired Officers

Bernard Hoffman Dies At 89

Bernard Hoffman, who served 50 years on the board of the Dixie School District and whose name was given the first new school built there during that half century, died last night in a Novato rest home after long illness. He was 89.

"Barney" Hoffman attended the one-room Dixie School beside Highway 101 on the bank of Miller Creek in the 1880s. He became a district trustee in 1907, the year after the San Francisco earthquake, and served until 1957.

Two years before Hoffman's retirement, the first new school in the district was completed to accommodate the growth in population from development of the original Terra Linda subdivision. The school at 1111 Las Gallinas Avenue was named Bernard Hoffman School in his honor.

The Dixie School District — so named by southern sympathizers who settled in Las Gallinas Valley in the mid-19th Century — now has nine schools with about 4,700 enrollment, and a 10th under construction. But it was a rural district with a one-room school when "Barney" Hoffman attended classes there, and continued as such almost throughout his long association with the district.

Hoffman was born in San Francisco in April, 1878. His

Fairfax City Hall and fire house are about to fall down.

That was the gist of a report last night to Fairfax City Council by City Administrator David J. Sumbardo. (Other Fairfax Council stories, page 3.)

Inspection of the two buildings by the state Department of Housing and Community Development, he said, found that the 1926 fire house did not have a fire wall between the garage and the living quarters above, structural members of the building were subject to "possible failure" because of age and deterioration, wiring was overloaded and exposed throughout the building, "severe

66 Of 83 Aboard Plane Die In Crash

CINCINNATI (UPI)—Ohio's aviation chief today called for a congressional investigation of "excessive" air crashes at Greater Cincinnati Airport, where the crash of a Trans World Airlines passenger jet last night killed 66 of the 83 persons aboard.

Norman Crabtree, director of Ohio's Division of Aviation, said "many lives can be saved if Congress will act immediately to determine the cause of the excessive number of airliner crashes on and near this airport."

Most of the 17 crash survivors the second major disaster at the airport in two years, were injured seriously.

Sixty passengers and five crewmen died in the crash. One injured passenger died in a hospital today. Two of the plane's stewardesses survived.

A 1965 crash, less than a mile from this one, killed 58 persons aboard an American Airlines Jet.

Federal investigators recovered the flight recorder and the voice tape recorder from the plane and hoped they would help shed light on the cause of the crash. The recorders were sent to Washington for study.

The four-engine TWA Convair 880, carrying 75 passengers and seven crewmembers, crashed minutes from touchdown in a

Israeli Planes Hit Jordan Tanks With Bombs, Rockets

TEL AVIV (AP) — Israeli fighter-bombers streaked through pouring rain today to attack Jordanian tanks with rockets and bombs in the heaviest fighting on the Jordan River cease-fire line since the June war.

Pilots claimed six tanks and an armored car were destroyed, but one French-built Mystere jet was shot down by ground fire, the Israeli army said.

The pilot bailed out. Amman Radio reported he was killed.

The Jordanian radio claimed another Mystere was shot down, but the Israelis denied this.

The planes were ordered in during a fierce battle across the Jordan River—the fourth clash in as many days, which the Israelis charge was planned by Amman.

Amman Radio said the Jordanians lost only one military vehicle and there were no casualties to Jordanian personnel. It claimed Israeli tanks and other equipment were set ablaze, two Israeli gun positions were destroyed and most of their personnel were killed.

Amman said King Hussein, now in London, was in constant telephone contact with his brother, Crown Prince Hassan, until the fighting stopped, and that Jordan's delegate to the United Nations had been instructed to inform U.N. members of the battle.

The Israelis said their air force went into action after the Jordanians moved tanks up to the cease-fire line and opened up across the river on a wide front.

The Jordanians charged that the Israelis began the attack with artillery and tank fire, then called in their planes when Jordanian positions returned the fire.

Balboa School Blaze Blamed On Arsonists

SAN FRANCISCO (AP) — Arsonists are suspected of starting a fire which burned out the Balboa High School's counseling office early today and forced the school to close down until Monday.

School officials said the fire was confined to the counseling office but there was damage elsewhere from smoke and water. They would not make an immediate estimate of damage.

Vandalism May Spell End To Water District Camps

Overnight camping on Marin Municipal Water District lands on Mount Tamalpais, outlawed for more than five months because of vandalism, may be permanantly banned.

The district is drawing up new rules and regulations for recreational use of the lands adjacent to Mount Tamalpais State Park and is considering closing the 18,000 acres to camping, said William R. Seeger, general manager of the water district.

Also under consideration is having camping sites under the supervision of water district "rangers," Seeger said. When the camping ban was voted in late May, district directors also approved orgainzation of a recreation department and hiring of a recreation chief for the district.

Camping at Portrero Meadows, Rifle Camp and Laurel Dell, for years used by hikers as camping areas, will remain closed through the winter until district directors decide on rules for camping, if

Nancy Kefauver Collapses, Dies

WASHINGTON (AP) — Nancy Kefauver, 56, widow of Tennessee Sen. Estes Kefauver and a State Department art adviser, collapsed at a formal Washington dinner and died in a hotel room last night.

She had been carried from the Mayflower Hotel's grand ballroom only a short time before President Johnson, a longtime friend of the Kefauvers, arrived to make a dinner speech. A police coroner said her death was due to "heart failure."

Mrs. Kefauver

Johnson apparently was unaware Mrs. Kefauver had died in a seventh floor room as he paid tribute to the dinner's guest of honor, Senate Republican Leader Everett M. Dirksen.

Mrs. Kefauver, vivacious and red-haired, was once a familiar figure in politicis, campaigning for years with her tall Tennessee husband, who won five terms in the House, three in the Senate and ran in 1956 as vice presidential candidate on the unsuccessful Democratic ticket with Adlai Stevenson.

Five persons were treated at a hospital for extreme nausea.

Natural Gas Is Urged For Autos

LOS ANGELES (UPI) — A physicist at California State College at Los Angeles yesterday recommended the use of liquid natural gas instead of conventional gasoline in automobiles to cut down on air pollution.

Robert Carr, associate professor of physics, said in an interview yesterday that natural gas, or methane, would be preferable because it burns much more cleanly than gasoline.

He added that he did not think there would be any insurmountable engineering problem in designing an internal combustion engine to handle natural gas.

Cocktail Mixes Giveaway Barred

SACRAMENTO (UPI) — Alcoholic beverage suppliers who give free non-alcoholic cocktail mixes to liquor licensees if they purchase a larger amount of the mixes are violating the Alcoholic Beverage Control Act.

Edward J. Kirby, alcoholic beverage control director, issued the warning to suppliers yesterday. He said such giveaways violated a section of the act prohibiting the giving of free goods in the sale of alcoholic beverages.

Light Plane Hijacker Gets To Cuba

HOLLYWOOD, Fla. (AP) — The pilot of a twin-engine plane chartered for a flight to the Bahamas was forced at gunpoint into Communist Cuba yesterday by a hijacker he described as a Russian.

The pilot radioed: "there is a man aboard with a gun and he intends to take this plane to Havana ... and that's exactly what he's going to do."

The pilot, J. V. Raymond, 35, of Pompano Beach, Fla., radioed to the Federal Aviation Administration at Miami as the plane flew south toward the Florida Straits and Cuba.

The FAA reported the plane touched down in Havana at 2:06 p.m. EST.

Havana Radio confirmed the arrival a few hours later during a broadcast monitored in Miami and said Raymond and his co-pilot, Jeff White, 22, of Miami, might be free to return to the United States today.

George Nesmith of Crescent Airways in Hollywood, Fla., said the Piper Apache 23 was rented by a man who identified himself as Felix S. Marisy and said he wanted to go to Bimini to pick up his wife.

Two fighter jets from Homestead Air Force Base were scrambled to head off the plane, but fell back when the hijacker went on the radio and warned he wolld kill the two fliers.

Medi-Cal Cuts May Be Tossed To Assembly

SACRAMENTO (AP) — Gov. Ronald Reagan, thwarted by the courts in a major economy move, searched for a solution today to a new financial crisis in the state's program for medical care for the needy.

A special legislative session on Medi-Cal might be necessary, Reagan indicated.

The governor obviously was angered by the State Supreme Court decision yesterday which invalidated his administration's cutbacks, designed to save $210 million in potential excess Medi-Cal costs this fiscal year.

The court, Reagan said, "has substituted its policy views for those of our medical experts (and) must now bear the burden for disruption of the Medi-Cal program."

The consequence of the 5-2 decision, he added, is "to force us to completely remove 160,000 needy from our program of medical assistance," possibly adding to the counties' welfare loads.

In view of the court order, Reagan added in a statement, finding a way out of the tangle is now up to the legislature.

Assembly Democrats angrily disagreed.

Assemblyman Winfield A. Shoemaker of Lompoc, chairman of the Assembly Democratic caucus, blamed Medi-Cal's problems on "inept and irresponsible administration. They don't even have a staff that even understands what they're doing."

Democratic Assembly Speaker Jesse M. Unruh, D-Inglewood, already served notice he would oppose a special session without consideration also of payroll withholding of state personal income taxes. That's something Reagan has said he wouldn't accept unless possibly "hot irons" were held to his feet.

Even the Assembly's top Republican, Minority Leader Robert T. Monagan of Tracy said "The mood of the legislature is not very receptive to this issue."

NASA Picks First Crews For Apollo

SPACE CENTER, HOUSTON, Tex. (AP) — Six astronauts, including two who never have ridden a rocket, today held key roles in two forthcoming space rehearsals for America's flight to the moon.

The space agency yesterday named three-man crews for the first manned flights atop the Saturn 5 rocket, whose triumphant test journey Nov. 9 gave the moon program the impetus it needed.

Air Force Lt. Col. James A. McDivitt, 38, commander of the 1965 Gemini 5 flight, is in charge of the first manned Saturn 5 flight planned for late next year.

Traveling with him will be Air Force Lt. Col. David R. Scott, 35, veteran of the Gemini 8 flight in 1966 and civilian astronaut Russell L. Schweickart, 32, venturing into space for the first time.

Early in 1969 Air Force Col. Frank Borman, 39, will command the second manned trip aboard a Saturn 5, joined by Air Force Lt. Col. Michael Collins, 37, and Air Force Maj. William A. Anders, 34. Borman commanded Gemini 7 in 1965, Collins rode Gemini 10 in 1966. Anders is a space rookie.

Defecting Tars Appear On TV In Russ Capital

MOSCOW (AP) — Four U.S. sailors who deserted the carrier Intrepid in Japan told the Soviet public today that a majority of American servicemen do not want to fight in Vietnam.

A Soviet "peace committee" looking after the four said they are "resting" in Moscow but declined to give their whereabouts or future plans or to allow foreign newsmen to talk with them.

The four young men said on Moscow television last night they deserted in protest against U.S. policy in Vietnam. They are Richard D. Bailey, 19, of Jacksonville, Fla.; John Michael Barilla, 20, of Catonsville, Md.; Craig W. Anderson, 20, of San Jose, Calif., and Michael Lindner, 19, of Mount Pocono, Pa.

Income Tax Hike Chances Revived

WASHINGTON (AP) — Congressional passage of President Johnson's proposed income tax boost became a renewed possibility today as an indirect consequence of Britain's currency devaluation.

Chairman Wilbur D. Mills, D-Ark., of the House Ways and Means Committee, which calls the tax signals for Congress, announced a Nov. 28 hearing to consider a new administration surtax and cost-cutting package.

White House press secretary George Christian told newsmen yesterday the package calls for the $7 billion, 10 per cent income tax surcharge Johnson requested Aug. 3, plus a matching $7 billion paring of expenditures.

But congressional sources said they understood the cost-cutting actually would amount only to about $4 billion in this fiscal year, which ends next June 30, including about $1 billion of cuts already made by Congress.

The surtax proposal had been considered dead for this session. If the British action has changed congressional sentiment, it could be enacted in time to take effect Jan. 1, Capitol Hill experts said, but only if Congress remains in session almost until Christmas.

Mills apparently agreed to the new hearing despite some doubts it would bear fruit. He sandwiched his hearing announcement into a Hot Springs, Ark., speech that was sharply critical of the Johnson fiscal program.

"I have yet to receive a single, specific proposal from the administration as to how to implement the (committee's) expenditure control request," the Arkansas Democrat complained.

But at the White House, Christian said the British move—followed by Federal Reserve Board action boosting its interest rate on loans to member banks from 4 to 4½ per cent—made the surtax package "absolutely imperative," in the opinion of the President.

Los Angeles Blames State For Mudslides

LOS ANGELES (UPI) — The tons of mud and rock that oozed into scores of basements and homes in the Eagle Rock area during a two-day rainstorm were blamed today by city officials on state excavation crews.

The first storm of the winter season caused at least 16 deaths in Southern California and dumped more than 11 inches of water on some mountain areas.

Floodwaters closed streets and highways, drove families from their homes and turned dry mountain creek beds into raging torrents that stranded weekend campers and drowned two Boy Scouts.

The City Council began an investigation to determine if the State of California was liable for damage to more than 60 homes in the Eagle Rock area from mudslides.

The council resolution charged that the "great bulk" of the watery mass of rock, mud and sand came from vacant lots cleared by the state for construction of a freeway.

The resolution cited the "failure of the State Highway Department to adequately protect areas surrounding their work on the Colorado Freeway" from erosion or mud flow.

Mudslides also plagued areas in Ventura County burned bare of brush by a massive series of brush fires that swept the area during a recent heat wave.

Ask any independent financial counsellor. With few exceptions they'll advise life insurance as one of the first steps towards financial security. For young people it's generally the only way to create instant and substantial capital to replace earning power. And the younger you are when you buy, the lower the premiums.

You'll save money in another way too, if you buy cash value life insurance. This contains a living cash benefit that grows through the magic of compound interest. Your policy cash value can be used to finance a college education in the future or to add to a retirement income. In the meantime it's available to you in an emergency, or for a business opportunity. For example, it's about the best loan collateral you can have. "Do you own any life insurance?", is one of the first questions your bank manager will ask.

How do you fit life insurance into your budget? It's easier today than ever. Manufacturers Life's Manu-Matic Check Plan will provide for an automatic monthly deduction from your bank account and free you from budgeting worries. Ask the Man from Manufacturers to tell you more. Judge's $48.05 Weed Bill Is Not Reduced

San Rafael City Council last night reviewed the case of Superior Court Judge Harold J. Haley's $48.05 weed abatement bill.

In evidence was a letter from the judge, "a vigorous protest" against the charge for weed abatement at his 50-by-120-foot lot at the northeast corner of Laurel Place and Nye Street.

The charge was almost two-and-a-half times higher than previous charges for the same job, he reported. He asked for review and perhaps an adjustment in the charge.

The council gave the matter full review, but voted 3-2 against reducing the charge.

Councilmen Louis H. Baar, and Councilman Harry A. Barbier voted to reduce the charge to $35 and Mayor C. Paul Bettini, Fred E. Jensen and John A. Miskimen opposed reduction.

Council Hopes To Put City Canal Access To Some Use

San Rafael City Council indicated last night it will not easily give up a 750-foot easement leading to the San Rafael Canal.

Glenn P. Wentz, representing Kerner-Bellam Realty Co., asked the city to abandon the 100-foot wide easement from Canal Street to the Canal, running east of Sorrento Way.

Councilmen contended that the easement was for a street, possibly for a route across the canal, and Wentz claimed it was only for a drainage ditch.

Rudolph E. Lindquist of 27 Sorrento Way defended the easement since it porvides public access to the canal "and the canal should be exploited" more than it is for public use.

Mayor C. Paul Bettini said the city staff should investigate and report the potential uses of the easeemt.

The council also launched a study of the city's sanitary sewer needs by hiring Dan Coleman Associates of San Rafael, at a cost of $20,000.

Councilmen also hired the same firm to provide engineering services for a storm drainage system in the Dubois-Irwin Street portion of the Bret Harte area at a cost of $10,000.

The San Rafael City Council Also:

PROPERTY TRANSFER TAX — Passed to print an ordinance to levy a property transfer tax, effective Jan. 1, at the rate of 55 cents for each $500 of the value of the property. The city must adopt the ordinance to receive from the county half the revenue collected in the city.

PARKING FEES — Voted to raise the all-day rates at the city parking lot at Second and Lincoln avenues from 25 cents to 35 cents.

POOL FENCING — Postponed action on a proposed ordinance requiring fencing of private swimming pools, excluding apartments, and asked for revisions and review of fence height.

PARKING LOT REPAIR — Approved plans and specifications for resurfacing the city-operated parking lot at Second and Lindaro Street and called for bids to be opened at 8 p.m. Dec. 4.

SUBDIVISION REVAMP — Continued until Dec. 4 a public hearing on an application of Alameda Homes to permit Terra Linda Unit 21, an 81-lot subdivision, west of Elda Court, to be reverted to acreage, which would clear the way for a 99-lot subdivision covering the same area.

PARK EASEMENT — Granted Marin Municipal Water District a 15-foot easement through Victor Jones Park on the condition that the district maintain and repair facilities at no cost to the city.

EROSION PETITION — Requested a staff study of conditions after receiving a petition from 12 residents of Spring Gove Avenue, requesting a ban on building permits for lots above their homes until measures are taken to prevent their homes from erosion.

ACCESS ROAD — Took no actin on a request by John W. Morton of 239 Forbes Avenue to consider an additional access road to the Rafael Heights. Mayor C. Paul Bettini commented, "It's apparently not feasible."

CLAIM DENIED — Denied a claim by Mrs. Melville Newman of 61 Via Belardo, Apt. 7, Greenbrae, for damage to her car, estimated at $21 to $48, after it struck a city planter in the 1100 block of Fourth Street, Nov. 14. The claim was referred to the city's insurance carrier.

CHRISTMAS PLANS — Granted the Marin Chapter, Order of DeMolay permission to sell Christmas trees, and agreed to install sockets at seven intersections so the San Rafael Chamber of Commerce can connect illuminated Christmas decorations.

RUBBISH WARNING — Agreed that merchants should be put on notice that the city intends to enforce its ordinance which prohibits the sweeping of trash into city streets.

PROPERTY SALE — Postponed action on the sale of a city lot at the northwest corner of Second and Hayes streets, about 1,762 square feet, until Dec. 4.

PARK PROPOSAL — Received a letter from the Marin Conservation League backing the proposal for a regional park at the junction of San Rafael, San Anselmo and Sleepy Hollow, and noted that the city has agreed in principle to the idea.

GRANT DEED — Accepted a grant deed from Perma-Bilt Enterprises giving the city a small area of land in the middle of Knight Drive, which had been planned for a Marin Municipal Water District pump station until a better location was found.

PUBLIC HEARING — Set Dec. 4 at 8 p.m. for a public hearing on an appeal by the Peacock Gap Homeowners Association of the city planning commission's approval for a directions sign by Perma-Bilt Corp. on San Pedro Road, near Knight Drive.

CITIES CONFERENCE — Authorized Councilman Louis H. Baar and Public Works Director Norris M. Rawles to attend a League of California Cities conference in Los Angeles on undergrounding utilities.

Work Awards Given To Pair

Sgt. David C. Hamilton and Sgt. James E. Elwell of Hamilton Air Force Base each have won a $50 award for their work in the 1902 Communications Squadron at the base.

Elwell was named by the squadron as best air traffic controller for this quarter of the year and Hamilton was named best maintenance man for the quarter. Both men reside on the base. The monetary awards were made by the San Rafael Chamber of Commerce.

The squadron provides air traffic control and navigational aid for the 78th Fighter Wing.

Awards Dinner

Awards for aiding the Boy's Club of Southern Marin will be announced at a dinner for adult members and contributors beginning at 6 p.m. Nov. 29 at Sabella's Restaurant, Alto.

Poverty War Plans Told Councilmen

A citizens committee has been formed to bring the War on Poverty to Fairfax and San Anselmo, Fairfax City Council was told last night.

John R. Palunco of San Anselmo, committee chairman, said he was appearing only to inform of the committee's formation about two weeks ago, and to invite councilmen to attend the next meeting at 8 p.m., Nov. 29 at either Central or Manor schools.

Palunco insisted the two cities would not be declared "poverty areas," said the committee was not yet named, and would not be a target area board of the Marin County Economic Opportunities Council.

However, he then said his committee was formed under EOC guidelines so as to be eligible for federal funds.

Autos Tangle; Two Injured

Two people were injured Sunday south of the Waldo Tunnel when four cars tangled on Highway 101.

Cars driven by John Felix Ludgers, 65, of Finley, Lake County, and Felix Cortes Aggaoili, 41, of San Francisco, stopped in heavy southbound traffic at 6:15 p.m. and a chain-reaction collision occurred with cars driven by James Laughron Wilton, 41, of Menlo Park and Barbara Jean Ramer, 20, of 1099 West California, Mill Valley, according to the California Highway Patrol.

Agcaoili was treated at Marin General Hospital for a neck sprain and chest bruise. Ludgers told the patrol he would see his own doctor for minor injuries.

Senators Vote Hospital Funds

WASHINGTON (AP) — The Senate has voted to provide an extra $250 million a year in federal funds to hospitals in payments for their elderly medicare patients and to require states to provide welfare for families with unemployed fathers.

The two provisions were tacked on to the omnibus Social Security bill yesterday during the fourth day of Senate floor debate.

The measure remained before senators today as Democratic Leader Mike Mansfield pressed for final Senate action by tomorrow.

San Pedro Road's Widening Changed

San Rafael City Council, heeded several requests by the Loch Lomond Home Owners Association, last night approved plans for the Phase Three widening of South San Pedro Road from Balboa Drive to Lochinvar Road.

More than 30 residents pressed their demands at a hearing that lasted almost two hours at San Rafael City Hall.

NO HOMES LOST

Donald R. Frost, Marin County public works director, said the plan wouldn't require the removal of any homes in the Villa Real or Loch Lomond areas, but would affect "one large landholder on the south side."

Residents and Supervisor John F. McInnis urged the council to reconsider its opposition to undergrounding of utilities for the entire project to widen the road from two to four lanes.

Councilman Louis H. Baar said the council didn't object to undergrounding as such, but opposed it because of previous estimates that it would cost $500,000 for the entire joint city-county San Pedro Road widening project.

Frost noted that if undergrounding is considered for Phase Three it also would have to be considered for Phase Two, the stretch from Porto Bello to Balboa Drive, which is to be constructed at the same time.

COSTS NEEDED

Baar said the cost of undergrounding for the remainder of the project beyond Phase Three also would have to be calculated.

During the first phase of the project there was partial undergrounding.

Mayor C. Paul Bettini said the council should consider undergrounding and "get figures" on the cost.

McInnis said there "was no reason for frequent lighting" along the residential stretch and "it would be a shame" to have overhead wiring.

TRAFFIC LIGHT

The council approved a traffic signal at Lochinvar and South San Pedro roads after residents described it as a hazardous crossing, particularly on weekends.

Councilmen also agreed to the following changes requested by home owners

An alignment as far to the south as possible at Standard Oil gasoline service station area "to put the roadway as far away from home owners as possible."

The placing of sidewalks along the north side 10 to 12 feet from rear yards if it will still afford safety to pedestrians.

PUMP STATION

The residents also asked for an exterior covering of the San Rafael Sanitation District pumping station to beautify it, but the council said it would be up to the sanitation district.

Several residents of Bellevue Avenue, living south of the roadway, opposed the plan which would cut off their turning access.

The council agreed that the plan should be revised to improve the Bellvue Avenue junction.

Bike-Car Crash Cuts Girl's Face

An Ignacio girl suffered face and back bruises Sunday when her bicycle suddenly turned left into a car on Alameda De La Loma.

California Highway Patrol reported the accident occurred between the two westbound vehicles at 2:10 p.m.

Peggy McKelvey, 8, of 496 Alameda De La Loma, Ignacio, daughter of Mr. and Mrs. Patrick McKelvey, was treated at Marin General Hospital.

Driver of the car was Philip Arthur Smith, 16, of 289 Alameda De La Loma, Ignacio, according to patrolmen.

Report Defends Level Of Fairfax Services

A study of how to cut the cost of city government — that concluded the cost should not be cut — was endorsed last night by the Fairfax City Council.

The study, by councilmen Peter R. Arrigoni Jr. and Mrs. Adelaide Wilson, found that the present structure of city government is "logical, economical, and gives the taxpayer almost the ultimate in services for his taxes," said Arrigoni.

Elimination of the position of city administrator and combining the positions of fire and police chiefs, one of several proposals considered, would save a maximum of $30,400 a year, he said. Arrigoni termed the saving "a pittance," noting it would save the homeowner whose house has a market value of $25,000 "only three cents a day."

And if these changes were made, he said, services would be "minimal," the council would have to help administer city business, morale "would be a problem," and there would be a "lack of leadership and loss of control" over city departments.

The unresolved question, he said, "is what kind of services do the citizens want, and how much are they willing to pay?" Three persons in the audience of 18 spoke in favor of the present system.

Only Vice Mayor Robert R. Souza dissented, arguing the question should have been, "Do the majority of people of Fairfax want to pay full-time salaries for part-time jobs?"

The city cannot afford "high-level services, whatever that is," he said. Instead, the city should contract for services and "cross departmental lines to use our present employees most effectively."

No vote was taken on the 15-page report, but the other four councilmen agreed to the status quo.

The council also received and took no action on a study of flat rate salaries for department heads. The study, by Souza and Councilman Frank J. Egger, concluded that the salaries "should be restudied" next year at budget time.

During fiscal 1966-67, they reported, 74 per cent of the city's total expenditures was for salaries, compared with an average of 55 to 60 per cent elsewhere in the county.

The Fairfax City Council also:

TRAFFIC STUDY — Contracted with Peat, Marwick, Livingston and Co. of San Francisco for a $3,500 study of proposals to widen Sir Francis Drake and Center boulevards.

SEPTIC TANKS — Agreed to call a special meeting in January with county health officials on tighter controls on septic tanks.

STREETS — Asked city staff to report Dec. 11 on how assessment districts could be formed to improve unpaved streets.

USE PERMITS — Revised the special use permit ordinance to bar for six months resubmission of rejected applications, and to void a use permit if it is not used within six months after being granted.

BATTERIES — Voted $475 for new fire alarm batteries.

GENERAL PLAN — Learned a joint meeting with the county planning commission to review the proposed general plan has been shifted from Dec. 14 to Dec. 13 at 8 p.m. in the Fairfax Women's Club.

FLOOD FUNDS — Received report by City Administrator David J. Sumbardo that the state granted all but $2,000 of the $36,060 in flood relief funds sought for flood damage.

TAX — Adopted an ordinance to levy a tax on the transfer of real property of 55 cents per $500 of value on the property.

STAMPS — Passed a resolution asking the Post Office Department to issue a California commemorative 200th anniversary stamp.

Reed Board To Hear Proposals For Rental

Reed School District trustees meeting at 8 p.m. today at Del Mar School, will consider a recommendation from Supt. H. Joe Edgington that two portable buildings be leased for Granada School.

The buildings would be a temporary solution to high enrollemnt.

Hit-Run Arrest After Collision In Novato

A Novato man was booked at the county jail yesterday on suspicion of felony hit and run after he left the scene of a two car accident at 10:16 p.m. yesterday at Novato Boulevard and Simmons Lane, which injured two people, Novato police reported.

Conrad Clifford Eustace, 41, of 797 St. Francis Avenue, Novato, was released on $1,250 bail from Marin County jail today and scheduled to appear in Marin Municipal Court at 1:30 p.m. tomorrow.

Injured were Gerald James Steppler, 19, of 36 Lauren Avenue, Novato, who received a broken right collar and abrasions of the chest, and George Francis Curtis, 19, of 26 Lauren Avenue, who suffered a cut left index finger and bruises on his left leg, according to police reports. Both were treated at Novato General Hospital.

Curtis, with his passenger, Steppler, was eastbound on Novato Boulevard, police reported. Eustace was southbound on Simmons Lane. The two cars collided in the intersection, according to police. The Curtis car was pushed sideways into a tree, police reported. The Eustace car continued 85 feet past the point of impact, going across the lawn and stopping eight feet from the house at 1931 Novato Boulevard, according to police.

Witnesses told police that Eustace ran away from the scene of the accident. Police found him later at the rear of 1930 Novato Boulevard.

ROUTE

Continued from page 1

traffic develops as we think it will, said Mrs. Azevedo.

"We should make a highway that is a scenic and recreational experience and still carries traffic. We should rush now, so we can safely wait until the development we know is coming is accomplished," she said.

Mrs. Summers argued for an "inspirational route," and said that is what her West Marin Master Plan calls for.

"The road should be laid on the land. It should have all the gimmicks, such as going around a special tree that gives us a really delightful thought for the day," she said.

The route she recommended would cut through the headlands, either along the top of the crest or through the tunnel area to Rodeo Lagoon, follow the shoreline from the lagoon to Muir Beach, then follow the present route through Stinson Beach.

It should have two separate two-lane roads on independent grades and alignments, she said, each with a right-of-way of 800-1,000 feet wide. It might take as much as 125 acres per mile.

The division of highways should not plan it, she said. It should appoint a skilled team of engineers, architects and park planners to do the job.

Finally, the road should not be constructed until its need is evident. Mrs. Azevedo agreed, saying Route 17 should be built first.

Dean applauded the suggestion of a design team to plan the parkway and said:

"Maybe we're talking about a parkway that really isn't a part of the state highway system. State highway engineers don't know how to talk parkway and the division applies pretty much the same criteria to scenic highways as it does to freeways."

Three Burglaries In Rural Areas

Three burglaries in the unincorporated areas of Marin County were reported by the Marin County Sheriff's Office today.

While Anthony Bachmenn was at Lake Tahoe over the weekend, someone entered an open rear window at his house at 813 Marin Drive, Tamalpais Valley, and took two cameras, a bed spread, a stereo and a radio, deputies said.

While Shirley J. Kyle napped Sunday afternoon in apartment 3 at 904 Sir Francis Drake Boulevard, Kentfield, someone stole in through the unlocked front door and took her purse containing $30 and a Swiss watch.

A thief stole a $30 shotgun from Paul D. Richards' pickup trucked parked in front of his house 42 Shields Lane, west of Novato, Sunday afternnon.

Runaways Nabbed After Burglary

Five runaway teen-agers from Los Angeles were arrested by Marin Sheriff's deputies after an early morning burglary today at the Village Inn, a cafe in Tomales.

A deputy found them in a car, reportedly stolen from Los Angeles Friday, parked on Shoreline Highway about a mile and a half south of Marshall.

In the back seat of the auto were the cigarettes, cigars, candy, eggs and bread stolen from the cafe, officers said.

The youngsters included a girl, 15, and four boys aged 15, 16 and 17. All indicated they have run away from home before and said they left home this time Thursday, Friday and yesterday.

They were taken to juvenile hall.

dry rot" was found and the floor of the garage may collapse.

City Hall, built in 1941, was found to have "complete breaks and severe cracks" in the foundation, water leaks, "totally inadequate" wiring, and erosion of the foundation by Fairfax Creek.

"That gum is holding it up pretty well," commented Mayor George A. Pagni.

"This report will be exhibit A in the forthcoming bond election," added Councilman Peter R. Arrigoni Jr., referring to council plans for a bond measure to fiance a civic center, perhaps on the April ballot.

Over the objections of Pagni that "it would be throwing money down the drain to confirm what we already know," the council voted $400 for a study by Engel and Engel, San Rafael structural engineers, of whether the two buildings would survive an earthquake.

A 1965 termite inspection of the buildings, he noted, found structural damage that would cost about $17,000 to repair.

CAMP

they allow it, Seeger said. The manager said he "hopes" the decision will come before summer.

Camping is still allowed at Pan Toll, Boot Jack and Alice Eastwood camps on state park lands, but all these sites are close to car parking areas. The water district camp sites were at hike-in locations.

Reason for closing the camps, as described by George E. Holmbo, supervisor of the adjacent state park, was because campers ranging from hippies to Boy Scouts tore down rest rooms for fire wood and left a heavy incrustation of litter. District directors at the time also said they feared brush and forest fires caused by ill-tended camp fires.

Robbery, Stab Trials Scheduled

Superior Court trials of two men accused of felonies were scheduled yesterday to begin the week of Jan. 8 The men are:

Michael J. Randvere, charged with four armed robberies in Marin County Sept. 30.

Daniel Smith, San Quentin inmate accused of attacking a fellow prisoner with a sharp instrument April 6.

Utility Pole Crash Hurts Novato Teener

A 16-year-old Novato boy cut his forehead at 12:32 p.m. yesterday when is car ran into a utility pole in the 400 block on Ridge Road, Novato, police reported.

Chris Alan Duncan of 1390 Joyce Street, Novato, the driver, was to see his own doctor for the cut, police reported.

CRASH

light snow fall in an apple orchard across the Ohio River near Hebron, Ky.

The plane, Flight 128, was pressed into service in Los Angeles when a sister ship which was to make the flight developed a faulty door. It was bound nonstop from Los Angeles to Cincinnati, then on to Pittsburgh and Boston.

At dawn today observers on the scene saw the tops of trees sheared off for about one-half mile from the spot where the plane crashed.

One of the survivors, Sheila O'Brien, 26, Kansas City, Mo., a stewardess on the plane, said that just before the crash she thought she was in "an ordinary, rough landing."

"I thought we were on the runway," she said.

A spokesman for TWA estimated the plane was traveling at about 166 miles per hour over gently rolling terrain at about the same altitude as the runway it was headed for when the crash occurred.

Only two weeks ago a TWA Boeing 707 cracked up at Greater Cincinnati Airport, when the takeoff was aborted. The 37 persons aboard escaped serious injury, but an elderly woman died later of complications.

Joseph O'Connell, chairman of the National Air Transportation Safety Board, defended the airport, saying it is "as good as any in the U. S. It's a better airport than most in terms of terrain and approaches."

But for a malfunctioning door, there might have been no crash Monday night.

Capt. Charles L. Cochran, 45, a veteran of 14,000 air hours, was at the controls when a problem was found in one of the cabin doors on the four-engined jet Convair 880 that was to make the flight.

The passengers and crewmembers transferred to the fatal plane, and began their flight, two and one-half hours late.

School Grouping Viewed In Ross

Supt. Robert D. Gowan explained to Ross School District trustees the change in "grouping" of pupil seventh and eighth grade pupils in reading and English classes at the board meeting last night.

Pupils who formerly had been in three groups, from advanced to slow learners, now have been switched to two groups, dropping the "slow learner" designation, to cut the "stigma" of the bottom group, Gowan reported.

The board approved spending about $3,000 for approximately 150 locker for seventh and eighth grade pupils; final figures await a choice of the type of lockers, Gowan said today.

The board approved a leave of absence for teacher Mrs. Susan Smallwood, beginning Jan. 1.

Driver's Chest Hurt In Crash

A Mill Valley man suffered a bruised chest yesterday after his panel bus rolled over a 20-foot bank in Tiburon.

Sheriff's deputies reported that a car driven by Patricia Claire De Lacy, 35, of 561 Silverado Drive, Tiburon, made a left turn from Stewart Drive into eastbound Tiburon Boulevard at 12:15 p.m.

An eastbound panel bus driven by Thomas Alvin Day, 19, of 15-A Lovell Avenue, Mall Valley, came over the hill and swerved to avoid hitting the De Lacy car, rolled and turned over.

Day was treated at Marin General Hospital.

Power Line Break Hits Southern Marin

A broken power line yesterday afternoon cut electrical power from Marinship to the peak of Mount Tamalpais for 45 minutes, affecting an estimated 3,200 users.

The line parted at 2:50 p.m. on Shoreline Highway west of Flamingo Road. Service was restored at 3:35 p.m. The circuit serves Marinship, Tamalpais Valley, and the area along Shoreline and Panoramic highways to the Air Force radar station on Mount Tamalpais. The radar squadron has standby power units.

Democrats, 16 Republicans and one vacant seat in the U.S. House of Representatives. The compromise plan alters 37 of the state's 38 congressional districts.

The conference committee's proposal would split Marin County into two districts on an East-West line from a point north of Gallinas Creek across Big Rock Ridge to West Marin. Residents north of the line would remain in the first district, and the 120,000 residents south of it would be shifted to San Francisco's sixth district.

The conference committee dropped a proposal to leave Marinwood, Lucas Valley, Terra Linda, Los Ranchitos and San Rafael Meadows in the first district.

(Assemblyman William T. Bagley, R-San Rafael, told the Independent-Journal he will support the compromise, which splits the county on the line he advocated. Before the proposed the line, Bagley noted, legislative committees were considering a line up Sir Francis Drake Boulevard.

"At the very least," Bagley said, "we prevented the split of five communities. It was impossible to prevent the split," he said, "so the only reasonable alternative was to include as much of Marin as possible in a district that had to be combined with San Francisco.")

Library Board Adds Expansion To Site Search

The Sausalito Library Board last night was presented 14 possible sites for future location of the city library, then directed its building committee to prepare a detailed report on another alternative — expanding and remodeling the present library to a total of 6,000 square feet.

The committee will have a detailed report on cost, feasibility and space requirements for the expansion at a Dec. 18 meeting.

The site committee said several of the 14 site discussed were not feasible, and said none of the owners of possible sites were interested.

Among the proposed sites were the Hurricane Gulch shopping center, an area behind the Post Office, the former corporation yard on Bee Street, a parking area near Turney Street and Bridgeway, and properties at Caledonia Street and Johnson Street, Caledonia and Pine streets, Caledonia and Locust streets, and Cazneau and Girard Avenues.

DMZ separates North from South Vietnam. U.S. Marines supported by Army units now defend it.

Use U.S and other allied forces to "destroy" North Vietnamese forays.

Provide the South Vietnamese new military equipment and prepare its army to take on an increasing share of the war.

Continue "pressure" on the North to prevent rebuilding and make infiltration more costly—presumably a reference to the bombing.

Dixie School Board To Review Building

The board of trustees of the Dixie School District will meet at 8 p.m. today to review the district's building program and the work being done by the finance study group.

The board meets in the administration office at 35 Trellis Drive, Terra Linda.

father, John Hoffman, owned a string of San Francisco barber shops.

When the son was a year old, the Hoffmans moved to five acres opposite the present entrance to Terra Linda from Highway 101. Bernard Hoffman grew up there and ranched for about 65 years in Las Gallinas Valley.

All his education was obtained in the one-room Dixie School, which still stands and is used for the district's maintenance shops.

He declined an offer by the Miller family, owners of large acreage on Miller Creek, to send him to St. Mary's College, because he felt he should stay home to operate the ranch and care for his father, who had been disabled in an accident. His mother had died when Bernard was a child.

In the early years of Hoffman's long tenure as a Dixie District trustee, the school became a haven for children expelled from other schools in Marin County. If transportation could be arranged, Hoffman would see that the recalcitrant youngster was enrolled in Dixie School.

In the middleo f the 1921-22 school year, the Dixie District suddenly expanded from 10 children in one room to an enrollment of more than 400. This was because of decision by the Christian Brothers to give up the St. Vincent's Orphanage school. James B. Davidson, Marin County schools superintendent, arranged for the Dixie District to operate a public school

at the orphanage on a temporary basis. The following fall, Dixie District reverted to a one-room school when the Dominican Sisters took over the orphanage school.

Hoffman's life was so closely tied up with the Dixie School District that he played no other public role, although he was a longtime member and one-time president of the San Rafael Aerie of the Fraternal Order of Eagles.

A brother and sister preceded him in death. A bachelor, he leaves no immediate survivor. During most of his life, the children of the Dixie School District were "his children."

Funeral arrangements are pending at Harry M. Williams Mortuary.

Tam Students Set Work Plans

Tamalpais High School students will hold a work week Nov. 29 to Dec. 3 in the student body's first project to raise $1,000 to build a school in a developing nation. The project is coordinated with the Peace Corps.

Students will handle a variety of jobs as requested, including babysitting, gardening, cleaning or painting, with their pay going to the school fund.

Students can be hired during the work week by writing to the student body president, Tamalpais High School, Mill Valley, or calling Ann Robbins of 22 Eugene Avenue, Mill Valley.

Student Trio In Merit Semifinals

Three Terra Linda High School seniors are among the 14,000 semi-finalists named throughout the nation in the annual National Merit Scholarship program.

Jeff Bacich, William Goldsmith, and Gary Krambs now advance into the next competition for the 2,900 Merit Scholarships, valued at more than $8 million. Top prize is a $1,500 college scholarship.

ADOLPH CAN'T GET DOWN

See Adolph there, 40 feet high in a redwood tree? She, yes, her name is Adolph, has been up there three weeks, in the backyard of her mistress, Mrs. Peggy Richey, 11 Hooper Lane, San Anselmo, beyond the reach, says the Humane Society, of its 30-foot ladder. "When I go out and call to her, she meows," said Mrs. Richey, "but she doesn't know how to come down the tree backward." The man at the Humane Society told Mrs. Richey that Adolph is probably catching birds and licking rainwater off the leaves. (Independent-Journal Photo)

Corte Madera Park Proposal Stirs Caution

A cautious Corte Madera Town Council last night heard the county's proposal for creation of a 250-acre recreation park in East Corte Madera, then recommended the plan be widely presented to the town's civic groups and associations for evaluation.

"I think it is possible there will be resistance to the project. I don't know," said Mayor Edward W. Colthurst. He described the suggested fill with refuse dumping to create the park as "a massive project" and "a very delicate matter."

ODOR FEARS

"This wet garbage thing is a red flag," he added, commenting on the probability of some odor.

The half-hour presentation to the council and an over-flowing audience of about 80 persons was by Pierre W. Joske, county director of recreation and parks, who first disclosed the plan publicly Nov. 14.

Joske, who included slide films of tentative plans and comparable pictures of existing parks, declared the park in marshlands east of the railroad tracks and north of San Clemente Creek could be built without cost by charging for dumping there.

TIMETABLE GIVEN

"Sanitary district sites do not have to be obnoxious," he said adding that if central Marin alone conducted the dumping, the fill-in would be completed in 17 years. If south Marin joins in, he said, the fill-in should be completed in 11 years, with the first 60 acreas finished in about four years.

Mayor Colthurst said, "I doubt if the council is going to get its feet very wet with this unless we get lots of reaction," he said.

He then requested that Town Mgr. Ronald L. Usher give Joske a list of all the town's homeowner associations, women's clubs and other groups so Joske can give the presentation on a broad and individual basis.

He said as next step he will write these groups to inform them of the coming presentation than await their views on the project.

MILL VALLEY YULE BUYERS GET PRESENT

Shoppers got a Christmas present from the Mill Valley City Council last night, with an assist from the Mill Valley Chamber of Commerce.

The council agreed to apply last summer's policy of free Saturday parking through December, at the chamber's request. The extension does not apply this month, however.

Chamber Mgr. Granville L. Beedle said last summer's experiment with free Saturday parking showed increases in downtown shopping business. Councilmen asked for figures to weigh retail gain against revenue loss from parking meters.

Parking will be limited to two hours during the free Saturdays.

Offices Rezoning Opposed, Passes

The Corte Madera Town Council last night unanimously rezoned a one-acre parcel on Paradise Drive from residential to a professional and administrative area.

The move, by amending the zoning ordinance and over strong objection by the land owner, William Swigard, came after a public hearing. It had been recommended by the planning commission.

Swigard had sought a commercial zoning for the parcel, located between the freeway and Paradise Drive just across from Campbell Bishop Chevrolet. His request for such zoning was rejected three months ago.

Both Town Mgr. Ronald L. Usher and Arthur Morrison, director of public works, recommended rezoning to professional and administrative use.

The council had a vote split on another agenda item, however, the proposed hiring of two firemen for the public safety substation in east Corte Madera.

Councilmen Charles F. Pendleton and Harold B. Wagstaff, police and fire committeemen, had earlier recommended hiring of the two men to supplement the volunteer fire crew there.

Before voting, however, Wagstaff said he has had second thoughts because the volunteres "have a fine spirit" and injection of paid firemen at this time "might be the beginning of the watering down of the spirit" of the volunteers.

At present, Corte Madera has a paid fire chief, lieutenant, and one fireman at the main station. Councilmen Wagstaff and William W. Collier and Mayor Edward W. Colthurst voted against the hiring.

Pendleton and H. S. Norville voted for it.

The Corte Madera Town Council also:

PUBLIC WORKS — Certified that Donald O'Neil of 5803 Paradise Drive pay $607 for drainage ditch cleaning already completed as nuisance abatement.

LIBRARY — Was advised the county board of supervisors will consider Corte Mader's future library needs at a meeting next Tuesday.

ORDINANCES — Passed an ordinance imposing a property transfer tax of 55 cents per $500, effective Jan. 1. The county already has passed such an ordinance.

MERGER — Agreed to meet after the holidays with Sanitary District No. 2 to discuss a proposed merger of the district into the town government.

TRAFFIC — Agreed to install a stop sign on Taylor Lane and eliminate two parking spaces to ease a traffic hazard at Baltimore Avenue and Taylor Lane.

ANNEXATION — Set Dec. 18 for a public hearing on annexation of a small parcel in Lark Meadows. City of Larkspur, where the parcel is located, has agreed to the transfer because of access.

BIDS — Accepted low bid of $5,917 by Rice, Demartini and Smith Inc., for curb drainage work in four areas. Will open bids at 2 p.m. Dec. 15 for an air compressor for the public works department.

SALES TAX — Instructed Mayor Colthurst to vote against formation of a committee among Marin cities to study a redistribution of sales tax revenue. The formation was suggested by the City-County Services Committee. Meeting on the proposal is Nov. 29 in San Rafael.

Settlement Is Near In Middle School Plan

The Mill Valley city-school district negotiations over a middle school and joint recreation area at Prouject 17 approached settlement last night as both sides made new proposals, but some points remained unsettled.

In a new proposal, the school board indicated it had "found" most of the extra $400,000 needed to build at Project 17 by budget shifts and possible sale of other school district land.

THREE ACRES

The major point remaining is whether the city will hold approximately three acres of the 11.5 acre Enchanted Knolls site for possible future sales as commercial land.

The council last night adopted a "firm proposal" drawn by City Mgr. Bert A. Balmer which excludes that possibility. The board's latest proposal asked that the three acres be held for sale if the additional money were needed to complete the middle school.

Balmer, strongly against the idea, said allowing private commercial development might undercut the economic feasibility of city plans for development of the small craft harbor at Project 17. The city's plans are based on the city getting revenues from commercial operations on city land around the harbor rim.

MIDDLE SCHOOL

In earlier talks, estimates were that the middle school would cost $2.9 million at Project 17, and $2.5 million at Alto-Edna Maguier School. In last night's proposal the school board pared the difference this way:

1. Hold building construction costs to $1.9 million instead of $2 million; 2. commit $2.6 million of its $3.5 million bond issue to the middle school, an increase of $100,000; 3. sell its Eastwood site and surplus land at Marin Terrace to raise approximately $100,000; 4. cut the contingency budget at the middle school by $20,000.

The council debate on the Project 17 proposals was little more than an hour long, the councilmen's debating energies largely having been spent earlier on working out new city policies regarding sanitary sewers versus septic tanks.

In that case, the council approved a request by George Marsh for exemption from a sewer hookup on a parcel between Summit and Ralston avenues approximatel 400 feet from the nearest sewer line. Marsh was told, however, he might be required to hook up if the city extended the line nearer the lot.

The council went on to adopt revised policies drawn up by Balmer. The new policies ban septic tanks on new developments unless sewering is not economicaly feasible; require a hookup when an extended sewer line comes withing 400 feet; allow the city to extend a line on its own initiative, then require properties to connect and pay their share of extension costs; require properties with septic tanks to hook up to a sewer within one year after notice of planned sewer extension (present requirements is immediate connection).

Balmer cited hill areas where dozens of houses are on tanks because the house nearest a sewer line is more than 400 feet from the line.

The Mill Valley City Council Also:

RESERVOIR — Accepted a deed from the Marin Municipal Water District for the reservoir on Edgewood Avenue. Councilman Dean E. Meyer suggested the site might be a suitable location for the horse ring now at Project 17.

BONDS — Ordered issuance of $500,000 worth of sewer bonds approved last spring.

STUDIES — Endorsed proposed county studies of county-wide sales tax distribution and a county-wide flood control zone.

LOT SPLIT — Approved a plan by Claude Lowenthal to split a parcel at 67 Molino Avenue into three lots.

HARBOR TEST — Agreed to a proposed $500 soils test study to be conducted by Harding Associates of the small craft harbor.

ANNEXATION — Passed resolutions taking newly-annexed Alto Corridor No. 2 out of the Alto Sanitary District and Alto-Richardson Bay Fire District.

RAIL BUSES — Received without acting the planning commission report objecting to a proposal to run dual-wheel commuter rail-buses on the railroad right-of-way.

Novato Board Zeroes In On Administration Site

The Novato Unified School District will study the Marion School site for the proposed administration center for the district, the board decided last night.

The vote was 6-0 with Irving D. Chapman Jr. absent.

The district owns the site and possibly could get federal funds toward building. It could use the present administration building as part of the new building, Supt. James G. Bunker pointed out.

"On the other hand, the district would be tying up the last big parcel of land in the Novato business district for 40 to 50 years. The land is worth $4 per square foot," Bunker said.

If the district purchased a site on Novato Boulevard, it would cost $150,000 to $200,000 just for the site, he said.

The district had selected the Paladini site on Wilson Avenue at Vineyard Road for its administration building, but the Novato City Council and the Novato Downtown Study Committee opposed it.

Last Thursday a group from the school and city staff, the study committee and state, inspected nine sites and recommended either the one on Novato Boulevard or the Marion School site. On Tuesday the city council recommended one of the two.

The Novato Unified School District Board also:

LONGEVITY PAY — Approved longevity pay increases, retroactive to July 1, for classified employees, giving them 2.5 per cent increases after 10, 15 and 20 years of service. This affects 14 employees at a cost of $1,736 this year.

WATER — Approved an agreement with the North Marin County Water District to install water mains at the San Marin High School site at a cost of $11,045.

EASEMENTS — Approved water easements on the San Marin elementary site, the San Marin High site and the Sinaloa Junior High site, and utility pole easements at the Sinoloa site.

SITES — Approved certificates of acceptance for the 10-acre San Marin Elementary site cosing $130,000, and 21.5 acres at San Marin Junior High School costing $269,000.

PROJECT — Approved an application to the state for an arts and humanities project costing $3,000, half each to be paid by the district and the state.

CLAIM — Denied a claim for $51,500 to Walter Nicholas Lynch, son of Mr. and Mrs. Walter D. Lynch of 791 Clausing Avenue, Novato, who claimed he broke his right arm in a wrestling class.

CHANGE — Approved a change order on the erosion control at the SinoloaJunior High for $1,215.

CALCULATOR — Declared a calculator surplus and authorized selling it.

RESIGNATIONS — Accepted the resignations of June Edwards as second grade teacher at Pacheco School and Judith Hawkins as fifth grade teacher at Lynwood School.

EMPLOYMENT — Hired James Kimmel at $7,800 a year to fill the newly created mathematics-science position at Novato High. Jean Scarborough at $7,872 a year for fifth grade at Lynwood, and Judith Scherer at $6,936 for second grade at Pacheco.

State Aid Held Needed

The Novato Unified School District cannot afford to go off the state aid program, Supt. James G. Bunker last night told the school board.

Under the program, the maximum tax rate for state loan and bond redemption is set at $1.10 per $100 assessed valuation, Bunker said. The district actually pays less than that amount, or 83 cents per $100 assessed valuation this year, he said.

"If the district went off the state aid program and attempted to carry on its building program through local bonds, the tax rate could go as high as $1.60 per year for the state loan retirement and local bond retirement," he said.

The district owes the state $10,500,000 in state loans and has $5,871,000 in outstanding bonds, for a total debt of $16,371,000, Bunker said.

Dope, Bad Check Charges Heard

Two young women were arraigned in Marin Municipal Court yesterday on a charge they forged a $33 check at the Bermuda Palms Motel in San Rafael.

Shirley A. Fabian, 22, of 18 Crestwood Drive, San Rafael, was also accused of possession of narcotic equipment. Police said a search of the girls' apartment at the motel disclosed a heating spoon and syringe under a mattress.

Arraigned on the check charge was Linda Margaret Mayer, 18, of 540 Heather Way, San Rafael. Both women are to enter pleas Monday.

A 17-year-old San Rafael girl was arrested with them.

Drum Set Stolen

A set of drums valued at $900 was stolen from his car last night, John R. Kinsel of 160 Filbert Street, Sausalito, told police today. Kinsel's car, parked in front of his residence, was entered and rolled to a bus stop behind Bridgeway and Easterby Street where the drums apparently were taken from the car.

Heyns Considering Protest Discipline

BERKELEY (UPI) — University of California Chancellor Roger W. Heyns today is considering the recommended suspension of 11 students accused of speaking at anti-war demonstrations in violation of campus regulations and a court injunction.

Heyns said that he could not predict when his decision would be forthcoming on the suspensions, recommended by Dean of Men Arleigh Williams subsequent to the rallies during Stop-the-Draft week last month.

San Geronimo To Quiz Board On Poverty War

Twenty-four written questions about anti-poverty programs in Marin were approved last night for forwarding to the Marin County Board of Supervisors by members of the San Geronimo Valley Association.

Included among the questions which supervisors have requested in written form were:

"How many jobs have been found through the community action program and have these jobs removed anyone from the welfare roll?" Another question was whether the legal services offered by anti-poverty programs duplicated services of the Legal Aid Society of Marin, said Mrs. Louise L. Wood, association secretary.

The association voted backing of a resolution of the Marin Citizens Transportation Committee that Highway 17 from Central Marin to Point Reyes National Seashore not be a freeway.

San Francisco Youth Denies Stealing Car

Dennis F. Harrington, 18, of San Francisco, pleaded innocent in Marin Superior Court yesterday to a charge of car theft. A jury trial was set for him the week of Jan. 8.

Harrington was arrested Oct. 24 by Mill Valley police. He is accused of stealing a car owned by Thomas Walter Deal in Mill Valley that day.

Park Discussion

Gallinas Village Community Services District directors will meet tonight to discuss park improvements and the recreation program for next summer. The meeting will start at 7:30 p.m. at John MacPhail School.

ALMANAC

Today is Tuesday, Nov. 21, the 325th day of 1967 with 40 to follow.

The moon is between its full phase and last quarter. The morning stars are Mercury, Venus and Jupiter. The evening stars are Mars and Saturn.

On this day in history:

In 1877, Thomas Edison announced the invention of "the talking machine."

In 1925, Harold "Red" Grange played his last varsity football game for the university of Illinois before turning pro with the Chicago Bears.

In 1938, the Nazis took over the western regions of Czechoslovakia and made all persons in the area German citizens.

In 1960, the first direct clash between the Congolese army and United Nations troops took place in Leopoldville.

A Thought for the Day — American statesman Daniel Webster once said, "Let our object be our country, our whole country, and nothing but our country."

HOW TO PLAY
WINNING BRIDGE
By ALFRED SHEINWOLD

Bridge Enthusiasts To Pay Tribute To Champion Player

Bridge enthusiasts in many parts of the United States will play in a special duplicate game on Nov. 29 as a tribute to the late Ivan Erdos, who died suddenly two months ago.

Erdos played the hand shown today against Argentina in the world championship team matches of 1965, held in Buenos Aires.

QUICK ACTION

West took the first spade trick and shifted to the four of diamonds. Erdos won in dummy with the ace of diamonds, cashed the top clubs and ruffed a club.

When the clubs broke favorably Erdos led out the ace and king of hearts on the assumption that West would not have trump length in addition to spade length. If the trumps broke 3-3, Erdos was willing to let the opponents make their last trumps separately; and if East started with Q-10-x-x Erdos could bring about a favorable position by leading established clubs from the dummy.

STROKE OF LUCK

Declarer had a stroke of luck when the queen of hearts fell. He continued with his plan, leading a club from dummy. East ruffed, and Erdos threw a spade.

When East returned a spade, forcing dummy to ruff, Erdos got to his hand with the king of diamonds to draw the last trump with the jack. Then he took the rest of the diamonds and dummy's last club for a total of 11 tricks.

NO GAME BID

At the other table of the match the South American champions stopped at three hearts on the North-South cards instead of bidding game. Carlos Cabanne, playing the South hand, took an early heart finesse, losing to the queen. Routine defense then held him to nine tricks.

Bump Bumper Rust With A Compound

SAN FRANCISCO (UPI)—Bumper rust, an automobile affliction which appears after plating cracks off, can be easily cured, the National Automobile Club advises.

The club suggests removing the rust with small amounts of kitchen scouring compounds, and applying a film of oil, wax or varnish to prevent a relapse.

Rec Master Plan Cost, Work Eyed

Marin County Board of Supervisors this morning gave an informal "go-ahead" on the project exploring the costs and manpower needed to develop a master plan for preservation of open spaces in the county.

At the suggestion of Supervisor Peter H. Behr, the supervisors asked County Planning Director Paul C. Zucker and Park and Recreation Director Pierre W. Joske to get together "to give us an indication of the kind of cost, manpower and time required for a schematic master plan" for open spaces.

The suggestion came during a workshop session between the supervisors and the parks and recreation commission, headed by Melton Ferris.

Joske said he visualizes a plan that would outline open spaces with connecting links so that an entire network of usable open spaces could be outlined to serve as a guide or future development. He said the major part of the work of developing a master plan for open spaces would probably be done by the Marin County Planning Department because it has a bigger staff.

Joske also said the recreation areas could also tie in with attracting tourists to Marin County. Park and Recreation Commissioner Howard Council pointed out that China Camp at one time was a major attraction for San Franciscans.

Supervisors and park and recreation commissioners agreed that what the county needs are facilities that will draw overnight tourists. Behr said that the National Seashore at Point Reyes might eventually serve as such an attraction.

Chamber Elects In Mill Valley

Two incumbents led a slate of five directors of the Mill Valley Chamber of Commerce elected to two-year terms for 1968-69, the chamber board of directors announced yesterday.

Richard C. Conrad, Mill Valley manager of Pacific Gas and Electric Co., and Guido A. Todaro, Mill Valley branch manager of Bank of America, were re-elected. New directors will be Clifford Brock, Mill Valley manager of Pacific Coast Title Co.; Louis Pizzio, manager of Lou's Chevron Service, and Jack Packard, Mill Valley manager of Crocker-Citizens Bank.

The new directors will take office in January and an installation dinner will be held in February.

Soviet Jet Liner Lands In New York

WASHINGTON (AP) — A sleek Soviet jet liner has star billing at Dulles International Airport as it undergoes a series of tests aimed at clearing the way for nonstop Moscow to New York air service.

The Aeroflot IL62 touched down at Dulles last night and in the floodlit, televised confusion, four newsmen got a sneak preview of the inside of the craft from six pretty Soviet stewardesses.

They said they found the air stale—apparently due to a non-operating ventilating system — but otherwise the interior of the plane appeared to measure up to standards of most American passenger jets.

In the terminal, Dimitry I. Petrov, inspector general of Soviet civil aviation, described the visit as "the first step for the beginning of direct communication between Moscow and New York."

The flight, Petrov said, brings the Soviet and American capitals to within 11 hours of each other.

Novato Intersection Closing Announced

The Diablo-De Long Avenue intersection with Highway 101 will be closed from 9 a.m. to 11 a.m. tomorrow according to Lawrence A. Coleman, director of public works for Novato.

The closure is necessary to install the new signal system for the operation of the lights at the interesection, Coleman said.

Hub Planners Favor Joint Council Plan

The San Anselmo Planning Commission last night unanimously recommended that the city council approve the establishment of a city-county planning council as proposed by the City-County Services Committee.

Commissioners said such a council would not infringe on San Anselmo's planning activities, would be without cost to San Anselmo, and would permit San Anselmo to participate in important county planning.

The commission also approved application by Charles Trost to move a house located at 90 Forest Avenue, Fairfax, to 80 Forest Avenue, San Anselmo. An occupancy permit will be withheld pending a showing of sufficient parking space, however.

Request by Hedwig M. Powell for changing a two-lot parcel to three lots near Butterfield Road and Arroyo Avenue was returned to Mrs. Powell with the suggestion that she alter a boundary line to the center of Sleepy Hollow Creek. The change would cause a non-conforming duplex building to conform, but would not necessitate the change of two lots to three, commissioners said.

January Army Called At 34,000

WASHINGTON (AP) — The Pentagon today ordered the induction of 34,000 men into the Army in January, the highest draft call in 14 months.

The main reason for the high call, the Pentagon said, is that "the Army is now replacing the relatively large number of draftees originally inducted about two years ago when it was in its initial strength build-up" for the Vietnam war.

The total of 34,000 young men tabbed for induction in January compares with the November 1966 call of 37,600.

Family Unit Runaway Report Delay Queried

How long must a runaway be gone from the Family Rehabilitation Center in Lucas Valley before center employees consider him a runaway?

The Marin Sheriff's Office raised the question today when it noted in bold red letters on a report that the center waited nine hours Sunday before reporting that wo 15-year-olds boys were missing.

The boys, one from Novato and the other from San Rafael, left at about 1:30 p.m. Their disappearance was reported at 10:30 p.m. my Robert Rawlles, a residential worker ta the center.

Shorlty after the officers arrived to take the missing juvenile report, the boys sauntered back into the center, reporting they just journeyed into San Rafael and wandered around until they became bored.

Walter Busher, county probation officer, maintained this morning that this is just what employees at the center expected to happen.

"These boys were really walkaways. They have a history of wandering off and coming back. They were expected back," he said.

"If the staff suspected they were really taking off, they would have reported it immediately. This sort of thing has to be handled on a case by case basis."

Busher noted that the staff finally did become concerned "when it bacame apparant that the boys were staying out longer than usual."

When the boys returned Sunday night, Rawlles requested that deputies book them at juvenile hall as runaways.

Burglars Busy In San Rafael

San Rafael police today reported three burglaries in the area over the weekend.

Marin Storage and Trucking Co., of 444 DuBois Street, was broken into by thieves who opened a safe and escaped with about $500 in cash and documents.

The general office and students' store at San Rafael High School was reported entered, papers scattered about but nothing appeared missing, said police.

American French Laundry at 700 A Street was also broken into at the weekend and a soft drink vending machine pried open. Nothing else appeared disturbed.

Bad Check Charges Dismissed In Court

Charges that William Michael Roach, 31, passed four bad checks totaling $4,161 in Novato and Mill Valley from Aug. 1 to Aug. 18 were dismissed by Marin Municipal Judge Alvin H. Goldstein yesterday for lack of sufficient evidence.

Roach, of 16 Truman Drive, Novato, was arrested by Novato police Oct. 13.

Novatans Hurt On Highway 101

Two Novato men were injured yesterday in a two-car crash on northbound Highway 101, north of San Rafael's Lincoln Avenue underpass.

A car driven by Rafael P. Chaves, 22 of 15 Drakewood Lane, Novato, collided with the rear of one driven by Paul LaVassaur, 42, of 120 Iolanthus, Novato, at 12:35 p.m., according to the California Highway Patrol.

Chaves' passenger, Avel Asegera Castrejan, 45, of 16 Drakewood Lane, Novato, was reported in good condition today at the hospital with a cut forehead and dislocated right hip. Chaves was treated for a cut lip.

Junior High Drop-In Is Given Nod

The Novato Park and Recreation Advisory commission last night approved a teen-age drop-in recreation program for the San Jose Junior High School.

The program will be from 7 to 9 p.m. under the direction of Henry Stiefel, physical education teacher. It will start Dec. 7.

The program had been requested by the San Jose Parent-Teacher Association.

The commission asked the staff to study and report back at the Dec. 4 meeting, the request for sponsorship of the Novato Ballet Guild.

Gary Howell, recreation supervisor, reported a profit of $191 on operating the fishing at Stafford Lake this year. Revenues were $2,859 and expenses $2,668.

Howell reported that the day program at Lions Park will be continued next year with the addition of a parent's cookout on Thursday nights.

Former Paper Owner Nabbed

Charles Edward Abrams, 40, of 25 Mara Vista Court, Tiburon, former owner of the Ebb Tide Publishing Co., was booked into county jail yesterday on a citizen's arrest for disturbing the peace.

Present owner of the publishing company at 1610 Tiburon Boulevard, John Theodore Luc, called sheriff's deputies at 5:20 p.m. and asked to have Abrams arrested for causing a disturbance at the office.

Mr. and Mrs. Luc complained that Abrams was arguing loudly and had disabled some machinery, causing a delay in printing the paper.

The Lucs reside at 1340 Cambridge Avenue.

Abrams was released on $125 bail and set to appear in Marin Municipal Court tomorrow.

Mother-To-Be Mends After Road Mishap

A pregnant housewife, struck down on Highway 37 Sunday, was reported in good condition today at Letterman General Hospital, San Francisco.

A doctor at the hospital said no damage had apparently been done to her unborn child.

The mother, Bernie Walling, 19, of 1490 South Novato Boulevard, Novato, was in a group of people at the scene of a previous accident near the Marin-Sonoma County line.

In the first accident at 11:15 p.m. a car driven by Robert Francis March, 21, an airman from Hamilton Air Force Base, westbound on Highway 37, hit the guard rail and spun, landing eastbound in the westbound lane, according to the California Highway Patrol.

As friends in a passing car stopped to aid March, a group of six people gathered between the two cars. Then one driven by Nino Musso, 42, of 118 Belvedere Avenue, Mill Valley, came down the grade at 11:20 p.m., swerved, according to the highway patrol, hit Mrs. Walling, then crashed into a guard rail.

Mrs. Walling was taken to Hamilton Air Force Base Hospital, then transferred to Letterman General Hospital where she was reported in good condition despite two broken legs, possible knee injuries and face cuts.

Pipe Contract Due

Directors of Marin Municipal Water District will award a contract tomorrow for 600 feet of pipe for Glenwood Forest Unit 2 subdivision in San Rafael from three quotations. The board will meet at 1:30 p.m. at the district office in Corte Madera.

Presbyterians Support Draft

The Novato Presbyterian Church has gone on record of supporting the Selective Service System, serving in the armed forces and fighting in Vietnam, according to Duane V. Moeller, clerk of the session of the church.

At its regular meeting last week, the session passed the following resolution, Moeller said:

"Having a firm belief in law and order, we reaffirm our Christian love for those who in good conscience and on the basis of prayerful consideration participate in our nation's Selective Service System, serve in the armed forces of our nation and fight in Vietnam." The same "Christian love" was extended to conscientious objectors.

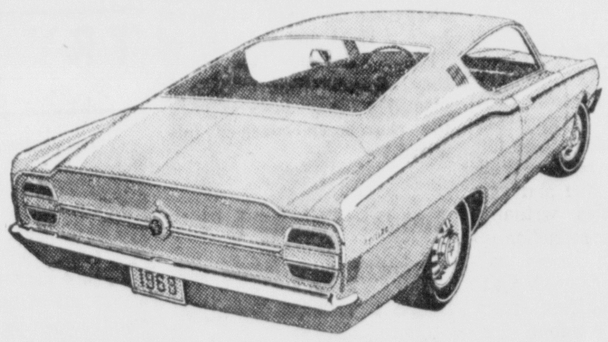
We're going to sell 12 months' worth of Fords in 10 months... and here are 4 ways we're going to do it!



1. LTD and XL priced lower than last year! We did it by changing what comes as standard equipment . . . and made it even easier to get what you want. Now LTD comes with a bigger V-8—302 cu. in.; XL has a 240-cu. in. Six and a choice of 5 V-8's. Last year you could choose V-8's only. On LTD and XL, 3-speed manual transmission is standard, instead of SelectShift Cruise-O-Matic—now optional. Vinyl roof on 2-door LTD's and Comfort-Stream Ventilation are optional this year. Choose them now only if you want them. And hidden headlamps, strong die-cast grille are all standard for '68.

2. Fastbacks priced the same as hardtops! Take your choice of full-sized or intermediate models, with no extra charge for fastback styling. Above is the handsome Torino GT Fastback with the luxury ride of a 116-in. wheelbase (longer than 38 competing intermediate models). Choice of bucket seats or full-width seats for six.

3. Wagons in three sizes—all available with Ford's two-way Magic Doorgate! Only Ford offers so wide a choice—and only Ford offers its Magic Doorgate with every model. It opens down for cargo—opens out for passengers—and it's only one of the many better ideas that make Ford first in wagon sales.

4. Mustang—the one car on the road you can't mistake for any other! The only one to offer you wall-to-wall carpeting, bucket seats, floor-mounted stick shift, functional hood louvers with turn indicators, and sport steering wheel—all standard. Arbitrary Rule Results From Lack Of Ordinance

Is it fair to deny a new business the same attention-getting devices enjoyed by neighboring established businesses?

That question is raised by decisions of the Marin County Planning Commission and Board of Supervisors in connection with the application of Denny's Restaurants for a permit for a new restaurant beside Highway 101 at Ignacio.

Denny's is a Los Angeles chain. Its roadside restaurants customarily have signs thrusting 68 feet skyward to attract customers.

A representative of the company offered to scale that down considerably to meet objections from the county planning department against such a huge sign. But he objected strenuously to the size of sign finally allowed.

The planning commission (over objection of Commissioner Walter F. Freitas) and the board of supervisors (over objection of Supervisor Ernest N. Kettenhofen) ruled the sign could be no more than 72 square feet and project no more than 20 feet high.

That sounds like a big enough sign, but . . .

ALONG THE SAME stretch of highway, Burgie's Drive-In has a sign of 243 square feet, 45 feet tall. Nero's Restaurant has a sign 40 feet tall. Galli's Restaurant has one of 165 square feet, 31 feet tall. Roger-Wilco Market has a 211-square foot sign that sticks up 31 feet. Rancho Rafael has a 158-square foot sign that projects 23 feet high.

County Planning Director Paul C. Zucker, before both planning commission and supervisors, objected to allowing another large sign beside the highway. Some of those there now should come down, he said.

We agree with Zucker that they should. But until there is some way to force them down, should a new business be penalized to the benefit of the established businesses?

THE TROUBLE IS that Marin County has no sign ordinance. There are restrictions on signs in certain areas in the zoning ordinance. But there is no law spelling out the rules of what will and will not be allowed in most places.

Along the highway, signs are subject to "design review." This amounts to making the judgment of a planner and/or the planning commission and board of supervisors the law. It invites capricious rulings.

Lack of an effective ordinance tends to result either in no control or in discriminatory control. San Rafael has an example where this lack has resulted in virtually no control, in the signs along Francisco Boulevard. City planning commissioners, not wishing to be discriminatory against new businesses, have allowed the most obnoxious of the older signs to provide the "standard" for new ones. The result is obvious to anyone who drives by on Highway 101.

The county seems to be taking the other road: penalize the new business while allowing the old one to retain its huge signs. This prevents proliferation of the big signs but does nothing to get rid of those already there. It may prevent business development, too.

THE ANSWER is to enact a sign ordinance that spells out strict rules, and make it apply to existing signs after a brief period of years to allow the owners to amortize what those signs have cost them.

Only Mill Valley among Marin's jurisdictions has taken this sensible route.

We fail to see the justice in denying to a new business any form of customer-attracting device which existing businesses are permitted to continue.

People Parade

With a certain degree of nostalgia for old friends who would have enjoyed the exotic costuming, but who passed away before their time was up, we once again turn our eyes to that strangest of Nature's creatures, The human race is going in for more and more bizarre clothing, or so it seems.

Spend an hour at your friendly neighborhood market some evening, watching the people parade past. Marinites in minis, leotards, white stockings, black stockings, long-haired boys and close-cropped girls, or vice versa, a festival of color, shirts, skirts, pants —all combine to make an Oriental bazaar of colorful natives out of even the most prosaic shopping center.

Now we await the arrival of civilizing missionaries.

AFFAIRS OF STATE

Taxpayer Howl Wasted On Win

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — A real need exists for some revised thinking regarding taxation matters.

The property owner continues to be burdened with an ever-spiraling increase either in assessments on property, or in rates fixed by cities and counties.

The non-property owner is plagued with higher rents, while the consumer faces an upward trend in the various consumer taxes, such as sales and use, motor vehicle, and the like.

Business in all of its forms has higher tax levies on its operations, including the now almost confiscatory social security tax which is paid by business and worker alike.

AS GOVERNMENT tribute rises, there is little if any hope that it will anywhere hold the line in the forthcoming year of 1968, let alone make reductions.

In state government alone, it is predicted that the Reagan Administration will face the necessity of asking the 1968 Legislature for another increase, upwars of $200 million, on top of the nearly billion dollar raise it obtained during the 1967 Legislature.

The increases anticipated for state taxes no doubt will be reflected in demands of city and county governments and special districts for increases at the local level, as no governmental function shows any sign of diminishing, and the cost of services for the welfare of the public show every sign of increasing.

Meanwhile, as the public looks to its representatives in the Congress, the state Legislature, and on local boards for some surcease, these representatives find their time more and more taken up with matters which in the final analysis have more to do with spending money.

MOST TAXPAYERS consider that they now are paying as much or more than they can afford to give the government, whether it be for essential or for non-essential services but the hue and cry which accompanies virtually any suggestion for reduction in spending, even in a sane and sensible manner, about precludes the politician from taking constructive action.

It is all too obvious that the only method of halting the upward trend is to curtail spending. There is no easy way of funding government, and no way at all unless the funds are siphoned out of the taxpayer pocket.

There might be some relief if taxes, which affect Democrats and Republicans alike, were treated as a non-partisan, rather than a political issue. However, this might be too much to hope for.

Parking Situation Draws Complaint

Editor, Independent-Journal:

I would like to know who were the brains who changed the parking in San Rafael. Maybe there was some extra money left over?

The way it is now, traffic is slowed up more waiting for cars to maneuver and back into parking place; more space for less cars and more of a pain to motorists.

I certainly would like to know what the advantages are and to whom.

(Editor's note: If the writer refers to parallel parking on Fourth Street, it was voted in 3-2 by the San Rafael City Council on motion of then-Councilman Charles W. Aby.)

Only Taxpayers Have Citizen Rights?

Editor, Independent-Journal:

The I-J recently reported that Marin clergymen of five different faiths were unanimously agreed on one point — churches have both the right and the duty to change "bad" laws.

Since a law that is "bad" in the eyes of one voter is often good in the eyes of another, the clergymen are merely saying that churches should attempt to have their particular political views enforced by law.

The Republicans, the Democrats, the Americans for Democratic Action and the Americans for Constitutional Action are all engaged in politics. These groups all pay real estate taxes. No incentive in the form of deductibility for income tax purposes applies to gifts to these groups. It is only fair to apply the same rules to churches that engage in politics, wouldn't you agree?

EDWARD E. CLARK
Sausalito

(Editor's note: Reader Clark should re-read the story which appeared on page 1 of the I-J on Nov. 16. It quoted the clergymen as saying churches have a right and duty to ATTEMPT to change laws which they consider bad. It further identified "bad" laws as laws the churchmen consider immoral.)

Reader Thinks I-J Writers Are Reds

Editor, Independent-Journal:

Bryce Anderson (I-J, Nov. 10 did not finish his article, like so: "Great physicist though he was, Oppenheimer freaked out on ideology and loyalty, and finally made it into the doghouse justifiably on his own."

About our support of the "questionable" Diem regime, it should be added that "although not nearly so questionable and damaging to our own interests as his murder by the communists."

It may be noteworthy that anyone who still smarts from "McCarthyism" must have been standing where the lash was laid. To paraphrase President Truman,"If you can't stand the heat, you should stay out of the kitchen."

It seems obvious that if you birds are left alone a few moments, you begin to turn bright red. How about something pro-American for your paying customers?

CHARLES FINDER
San Rafael

(Editor's note: Ngo Dinh Diem was killed in a military uprising which overthrew his government in November, 1963. Leaders of the coup said he committed "accidental suicide" in a struggle over a gun. The new government they installed in South Vietnam was recognized by the United States. Diem's sister, Mrs. Ngo Dihn Nhu, blamed the uprising on the United States. The White House denied the U.S. had any hand in it.)

School Psychologist Taken To Task

Editor, Independent-Journal:

I have just finished reading the letter written by our learned school psychologist (letter to editor by Margaret Moreau, Oct. 30).

I would like to say that if other school psychologists share her opinions, then our children really are in trouble.

We can excuse rudeness and lack of knowledge in children, but can we really afford to excuse it in someone who works with our children?

I would suggest that she acquaint herself with the facts before downgrading our police department and their familes.

Must Non-Candidate Try Out On Campus?

Editor, Independent-Journal:

I was very interested to read of Mr. Reagan running for homecoming queen(?) in your article, "Reagan Loses Campus Queen Vote to Nixon," page 11, I-J Nov. 6.

The political inference of this escapes me; is this a necessary preliminary to an un-presidential campaign?

REMEMBER WHEN?

10 YEARS AGO

Nov. 21, 1957

Dan E. Andersen, former city administrator of Daly City, was appointed San Rafael city manager to succeed William Parness, who resigned to become city manager in Livermore.

Marin County supervisors indicated they would submit a bond proposal to the voters to build a new county old folks' home and hospital.

20 YEARS AGO

Nov. 21, 1947

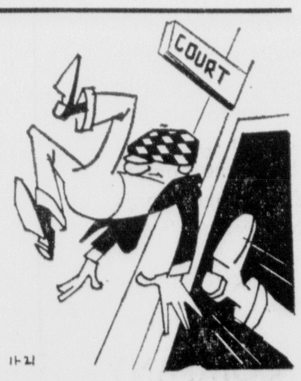
Gen. Omar N. Bradley was named Army chief of staff to succeed Gen. Dwight D. Eisenhower, who resigned to become president of Columbia University.

More than 100 Santa Rosa Junior College students paraded into Kentfield before the "Big Game" to burn the school initials "SR" on the Marin Junior College gridiron.

TRY AND STOP ME

By BENNETT CERF

A JUDGE IN TEXAS noticed a little man in his courtroom with a checked cap pulled over his ears and thundered, "Have you no notion or how to behave in a courtroom? Bailiff, throw this bum out" the little man slunk out before the bailiff could reach his side. Ten minutes later the good judge discovered that the cap wearer had been awaiting trial on a stick-up charge.



Groucho Marx recalls that his father loved to make bets —especially when he was betting on a sure thing. One matinee he was watching his four sons clown on the stage when the man sitting behind him sneered, "Brothers, my eye! I know they're not. They don't even look alike," Marx pere wheeled about and snapped, "I happen to know they are brothers." "Hooey, " responded the man. "I'll bet you $5 they're not!" The father of Groucho, Chico, Harpo, and Zeppo considered the proposition gravely for several seconds, then answered, "What odds will you give me?"

Protectionist Myopia Threatens U.S. With Loss Of Foreign Trade

WASHINGTON — Let me relate a revealing conversation which occurred on Capitol Hill the other day.

A distinguished American with long, successful experience in business, who knows firsthand why expanding world trade is a boon to every nation, was talking with a United States senator who with many others is seeking to ring American trade with high-protectionist import quotas.

This is what he gave the senator to think about:

"Do you realize," he asked, "that in taking these first steps up the ladder of protectionist import quotas, you will be acting to destroy all that every Congress and both political parties have accomplished during the last 30 years to release world trade from artificial restrictions to the great benefit of the United States and every other country?"

"Do you realize," he asked, "that in moving away from freeing world trade and toward a barrier of import quotas for the U. S. you are proposing to return the nation — and the world — to the ghastly economic mistake of the Smoot-Hawley tariff of the '20s?"

"Do you realize," he asked, "that in returning to the discarded and discredit policy of economic isolationism you will be inviting another economic depression in the United States like the horror of the 1930s?"

AND WHAT DO you think the senator's answer was?

"Yes, I know all that," he said, "but I can't help it."

He can't help it!

In 1930 President Herbert Hoover, with the gravest doubts and greatest reluctance, signed the Smoot-Hawley tariff atrocity instead of vetoing it. He said he couldn't help it — even after 3,000 U. S. economists had unanimously appealed to him to veto it in order to save the United States and the world from the developing depression.

NO ONE WHO KNOWS how much the American consumer has been benefited, how many jobs have been created, how much wealth has been produced for the wage-earner by the leadership which the U. S. has given to the cause of freeing mutual trade, can take any comfort from the decision of the New Protectionists in Congress to hold back momentarily their import-quota proposals rather than try to push them through in the last hectic, overcrowded weeks of the present session.

They are not having second thoughts on what they are after. They simply expect to gather more steam for their enterprise by 1968 and to be in a better political position to get their way. When they say they know what they are doing but can't help it, they mean that for the most part they can't help yielding to the lobbying pressures of their home-state and home-district businesses.

THAT IS EXACTLY what Congress felt when it whooped through the Smoot-Hawley tariff in 1930.

Disaster followed.

The need today is not to avert disaster, but to continue to reap the tremendous economic boom which the U. S. has been experiencing from expanding, not contracting, world trade.

There may, indeed, be valid complaints by a few industries that trade agreements have operated inequitably in their cases. But needed relief ought to be made with the care of a doctor's scalpel, not with a politician's meat-axe.

This year American business is exporting $31.2 billion worth of goods while we are importing $26.5 billion worth. The net benefit to the American economy, to American business, and to American labor is $4.7 billion. It means more jobs; it means more profit; it means lower prices for millions of consumers; it crucially eases the strain on our balance-of-payments deficit.

Those who benefit from this kind of expanding trade had better get themselves organized before Congress convenes again next January.

Nasser Hints Russia Will Fight For Him

By PAUL SCOTT

LONDON — The Arab-Israeli conflict is entering a new and even more dangerous phase.

The distinguishing feature could be the direct involvement of Russian forces on the side of the Arabs in any future fighting in the Middle East.

Foreign diplomatic sources here report that President Nasser has begun secret negotiations with the Kremlin for the stationing of Russian naval, air, and ground units in Egypt under certain predetermined emergency conditions.

Nasser has revealed to visiting British and French diplomats, according to these reports, that Russian naval units at Egyptian ports are just forerunners of other Russian forces in Egypt.

If there is another major outbreak of fighting across the Suez canal, these diplomats warn, Russia will support Nasser's forces with both naval and air units, according to Nasser.

AMERICAN AND BRITISH intelligence sources say Russia is apparently preparing two large troop-carrying ships for use in the Mediterranean.

These 10,000-ton vessels, being readied at Black Sea ports, can carry between 4,000 and 6,000 fully equipped troops with sufficient rations for six months. The ships are expected to make regular calls at Egyptian and Algerian ports.

Several Russian air squadrons, also believed destined for bases in Egypt, Syria, and Algeria, are reported to be loading their ground support equipment on Russian transports in the Black Sea.

TURKISH AUTHORITIES, concerned about the growing Soviet naval forces in the Mediterranean, are cooperating with U. S. and British officials to obtain a count of Russian military personnel aboard these ships as they pass through the Dardanelles.

Since last June's outbreak of Arab-Israeli fighting, Turkey has reported an increase of Russian ships in the Mediterranean from seven to more than 40. Indications are this fleet could number 50 before the end of 1967.

Speculation here is that President Nasser's strategy is to use Soviet military forces, or the threat of them, as a shield while he rebuilds his combat-effective manpower.

OTHER ARAB FRONT — Jordan's King Hussein has achieved more than just diplomatic support in his recent travels.

While he is saying nothing for publication, Hussein has told British diplomats that President Ayub of Pakistan has promised to furnish him nearly 200 pilots to bolster his shattered air force.

Still under negotiation with Pakistan is an offer to furnish the Jordan air force with 50 F-104 Starfighters, originally obtained from the U. S.

These are similar to the Starfighters promised Jordan by the U. S. before last June's war with Israel, but not yet delivered. If the U. S. doesn't release the promised aircraft soon, Hussein is saying that he will accept Pakistan's offer.

During his recent talks with President Boumedienne in Algiers, King Hussein discussed the possibility of inviting Soviet-trained Algerian pilots to operate their Mig-21s from bases in Jordan.

Golf Course Lease Proposal Lucrative For The Developer

A proposal to build a golf course and lease it to the city of Novato was made last Tuesday night to the city council by the Hanna Trust.

The golf course would be constructed on 150 acres of the 400 acres owned by the trust at highway 101 and 37. The course would cost $595,000, according to the proposal. The trust wanted a 50-year lease at $70,000 per year, which figures at a total of $3,500,000.

Another way to look at it, in order to break even and not take money out of the general found or recreation fund, the city would have to make a profit of $70,000 per year or $5,833 per month.

If land owners could construct a golf course for $595,000 and get $70,000 in annual net return, it would be 7.95 per cent return on their investment. In these days when profits are a smaller percentage than that, one would think that the golf course business would be growing rapidly.

The two councilmen named to the committee to study it, Harley McAskill and M. E. Babe Silva, should take a long, hard look at the finances of golf courses before committing the city to such a long-term lease.

THE NOVATO JUNIOR Chamber of Commerce members are passing out a booklet describing their civic activities. It is a record of community projects and service of which any organization could be proud.

In addition to sponsoring Western Weekend for many years, it has conducted three community attitude surveys which have been valuable to the city government. It is responsible for displaying American flags in the business district on 10 holdays each year. The Jaycees also carry on voter registration drives before each election. They have sponsored the two "Voice of City Hall" projects. They put on the annual "Junior Miss" pageant and give a scholarship to a Novato High School senior. The members become Santa Claus each Christmas when children can telephone Santa to tell him what they want.

That is the story of the Novato Jaycees as told in the booklet which they are giving to prospective members.

MORRIE RYSKIND

Lyons Not Alone In Finding Disillusionment In Soviet Union

Concurrently with celebration of te USSR semicentennial, I suggested reading Eugene Lyons' timely "Worker's Paradise Lost" to learn just what was being celebrated.

Which brings this rebuke from Hubert Phillips emeritus professor of history at Fresno State College: "If you were writing on the Jesuits, you would not lean heavily on the writings of an ex-Jesuit; nor, if writing on Masonry, would you give too much credence to an ex-Mason. But you seem enthralled by what the ex-Communist, Eugene Lyons, says about Russia. Why?"

WELL, SIR, I think that in all such instances you must weigh the testimony of the witness against the other evidence you have. And, if it jibes with the known facts, you cannot peremptorily dismiss it and yet claim to be an honest reporter — nor even, if I may say so, an unprejudiced historian.

But liberals, I fear, suffer from a syndrome which holds that a Communist who breaks with the party and reveals its sinister designs is, ipso facto, untrustworthy; while the Red who continues to carry out orders — and is caught at it — is a martyr. The Mafia has a similar code.

Incontestably, we have learned much about the Kremlin's workings, at home and abroad, precisely because of those who became disillusioned and turned state's evidence, so to speak.

IN HOLLYWOOD 30 years ago, those of us who watched apprehensively as the interlocking Commie directorate maneuvered to take over every union and guild were denounced as witch-hunters by the liberals. Only after some Communist backsliders revealed the names of over 300 party members, many of them famous, did it become clear that, unlike Salem, there were some real witches at work. (Some of them, incidentally, are still working.)

It took Bella Dodd to give us the damning proof of the Red apparatus' control over the New York school system, with very few teachers realizing it — and those few labeled "McCarthyites."

And it was through Whittaker Chambers' conscience that we learned about Alger Hiss. Yet some still maintain that Hiss was framed by a government conspiracy in which the FBI and a famous New York judge participated. To these faithful Hiss is another Dreyfus and Chambers the monstrous Esterhazy. An English jurist expounded that theory in a book.

The ensuing notoriety cost Chambers his $25,000 job, but Hiss is now lecturing at the New School for Social Research and denouncing McCarthyism. I trust no student will bring up the matter of the "Pumpkin Papeers" to embarrass him.

BUT LYONS, PROFESSOR, was never a courier or spy for the party. True, as a young man he fell under the Communist spell, as did many who read the New York Times dispatches from Russia. And so he was naturally on Cloud Nine when he landed the job of UP correspondent in Moscow.

There, slowly but surely, he saw every hope crumble, every dream vanish. His reaction was that of the European intellectuals who had first cheered the French Revolution and had then been sickened by its cruelty and blood-letting.

He found catharsis when he wrote "Assignement to Utopia," that devastating indictment of the Kremlin. That was in 1937. Professor, and he has been telling the truth about Russia ever since.

And I find his conclusions jibe with those of a notable list of observers with whom I have often discussed what they saw in Russia. There's Harry Lang of the Jewish Daily Forward, who first broke the story of the great famine; Isaac Don Levine, who has kept a watchful eye on the Kremlin for 50 years; Max Eatman, who like Lyons, thought he was off to Utopia but come back to report it was Gehenna; Jake Kornfeder, once a devout believer, who returned to tell us what Stalin was really like at a time when our liberal press was hailing Uncle Joe as a combination of George Washington and Andrew Jackson; William Henry Chamberlin, who covered Moscow for the Christian Science Monitor; Ben Gitlow, who once ran for veep on the Communist ticket here; Alexander Barmein, who rose to the rank of brigadier general in Russia before he defected to us — and a number of others.

These are some of the authorites on whom I rely. And, turn about being fair play, Professor, I'd like to know the authorites you rely on.

Guilty Plea In Assault

Charles T. Keating, 33, pleaded guilty in Marin Superior Court yesterday to charges of assault with a deadly weapon and committing an unnatural sex act.

Keating, of 830 La Playa Way, Santa Venetia, was originally also accused of rape of a 21-year-old Fairfax woman Aug. 10.

A co-defendant, James A. Keane Jr., 36, of the same address, earlier pleaded guilty to the attempted rape of the girl.

Judgement of Keating was continued until Dec. 18 and Keating was referred to the probation department.

38-Foot Fishing Boat Runs Aground

Four people escaped injury Saturday when a 38-foot fishing boat ran agound in Belvedere Cove.

Alerted by flares at 5:30 p.m. Belvedere police called in a Coast Guard utility boat which refloated the "Koematu" owned by A. E. Jurs, of 260 Madrona Avenue, Belvedere, and towed it to the San Francisco Yacht Club.

Bel Marin Keys Not For Airport

Jack West Sr., head of the Bel Marin Keys residential community development in Ignacio, has denied that any negotiations are under way to acquire a portion of the community's property for a new county airport.

The Independent-Journal published an article on Oct. 16 in which Benjamin R. Ostlind of the Marin County Aviation Commission was reported as saying that 500 acres owned by West located east of Hamilton Air Force Base was under consideration for the airport. Ostlind recommended the county purchase it and presented a resolution from the Marin County Board of Supervisors urging support of the project.

West said the original concept of Bel Marin Keys is still planned for the total area.

Gamecock, Retriever Reported Stolen

Marin County Humane Society Sunday reported the theft of a fighting gamecock and a Golden retriever dog from its premises at 402 Third Street in San Rafael.

Police said a multi-colored cock was taken from a cage and the dog from a locked receiving bin.

Two Burglars Get Probation

David W. Decker, 21, and Dennis M. Shuteroff, 20, both received suspended 30-day jail sentences for a May 5 burglary in Marin Superior Court yesterday.

Judge Harold J. Haley fined Decker $100 and placed him on one year of probation. He put Shuteroff on two years of probation.

Decker, of 224 Marin Street, San Rafael, and Shurteroff, of 204 Resak, Forest Knolls, burgled the home of Carl F. Lamerdin on Sir Francis Drake Boulevard, Forest Knolls, on May 5.

Old Bloomfield School Sold To Mill Valleyan For $7,510

The Tomales Bay School District, which has tried unsuccessfully before, last night sold the Old Bloomfield School.

Mrs. Florentine Chase of Mill Valley, the only qualified bidder, bought the school for $7,510 at the regular meeting of the trustees at the school, said David Raffo, principal.

The board had set a minimum price of $7,500 for the two-room school located on the Petaluma-Bodega Bay Highway.

The board discussed the possible annexation of the Watson School District in Sonoma County, Raffo said. There are three students in the Watson School District which wants to annex to the Bodega Bay District but is not contiguous, Raffo said. The other alternative is to annex the Watson district to the Tomales Elementary District which is contiguous, said Raffo.

The board created a second first grade class and hired Mrs. Jo-Ann Buryn at a salary of $4,424 for the remainder of the year, to teach the new first grade, Raffo reported. The district started out with 26 in the first grade, but that has grown to 42, necessitating the split, Raffo said.

The board accepted the resignation, effective immediately, of Emmett E. Rhoades, sixth grade teacher for reasons of health, Raffo said.

The board passed a resolution commending the football team that won the Marin Rural Sports League title for the second year.

It hired Douglas Beams, Tomales High School student, to do custodial work under the neighborhood youth corporation of Marin County, Raffo said.

Harbor Meeting

The Bolinas Harbor District Board will meet at 8 p.m. tomorrow in the district office on Wharf Road, Bolinas. The agenda is a brief one, according to district planner Norman T. Gilroy.

Woman Tourist Hurt In Crash

Shelley A. Richtmyer, 23, of San Francisco, was reported in good condition in Marin General Hospital today with cuts on face and left leg suffered in a three-car collision on Frank Valley Road, south of the entrance to Muir Woods, Sunday.

Hr e husband, Peter Richtmyer, 24, was treated at the hospital for a cut forehead.

The California Highway Patrol reported a car driven by David Ray Hunter, 24, of 50 Laurel Grove Road, Ross, swerved into two cars, one of which was driven by Tony Searth, 53, of San Francisco and the other by Richtmyer.

Medical Materials Turn Into Crafts

By DOROTHY NEWELL

The craft designers, always looking for unusual materials, have now invaded the medicine chest and are now using medical profession materials.

Mrs. Jackie Curry of San Rafael demonstrated it when she showed the many uses of plaster of paris surgeons bandage in her talk for Novato Garden Club members.

Her fingers moved as swiftly as a surgeon's as she demonstrated how the bandage, when moistened in warm water and applied to a blown-up balloon, soon took the shape of a puppet. Jackit Curry's "The Family Puppets" were shown at the San Francisco Museum of Art last year.

Mrs. Curry is particularly interested in the use of the plaster bandage for making ornaments of all kinds for the holiday season, as well as for making gifts.

A MEMBER OF the Marin Society of Artists, Mrs. Curry has her handcraft designs featured for the fifth year in the special Christmas issue of Better Homes and Gardens.

At the garden club meeting she told members how the various Christmas items which she had on display can be made.

A wine bottle covered with the plaster bandage, gessoes, (applying a sealer) painted and given a votive light for a crown turned into one of he Three Kings.

A styrofoam egg, again covered with plaster bandage, painted and given a smiling little face becomes a jolly elf to hang on the Christmas tree.

She also mentioned material obtainable around the home, suggesting covering a paper cone, formerly a spool for yarn, with buttons, glueing the larger buttons near the bottom, using heavy glue.

The result was a medieval looking tree candlestick, after she sprayed the tree with green enamel, rubbed it off and gave it highlights with "rub and buff" giving it the antique finish. The finishing touch was placing felt on the base.

ANOTHER OF the many decorations which seemed to interest the club women were the translucent acetate window hangings.

Mrs. Curry explained that she used a heavyweight sheet of acetone, placing it on a pattern drawn on brown paper, tracing the design with a felt pen. The pattern then is placed on wax paper and all lines traced with black liquid lead which comes in a squeeze tube.

The lead will dry in about four hours she said, then the back of the design should be traced and dried.

The final touch is to paint the hanging with crystal paint and then pierce a hole in the top with a hot needle, string with a fishing line and it is ready to hang in a window or in front of a light.

HER ENTHUSIASM for her art was contagious, and it seems very possible that many of her ideas will be used to decorate Novato homes this Christmas.

Jackie is the wife of Kendall Curry, a free lance advertising art director. They are the parents of Bradford, 13, and Steven, who is 10 years old.

This craft artist also has time for another hobby —sewing her own clothes.

THE THREE TRANSLUCENT window hangings surrounding Mrs. Curry are among the items shown in this year's Better Homes and Gardens Christmas issue, the fifth year that Mrs. Curry has been featured. Among the articles Jackie Curry is displaying are an angel made of cellue-clay, various household bottles decorated with plaster of paris, surgeons bandage and small cigar boxes decorated for use as jewel boxes. Even the pop-top tabs of cans are used to make Christmas tree ornaments.

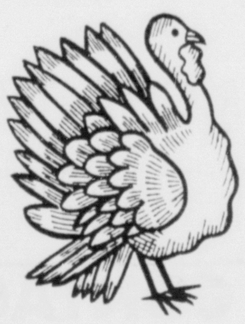
What Will The Turkey And Trimmings Cost The Family?



WASHINGTON (UPI) —The traditional Thanksgiving dinner of turkey and all the trimmin's should cost only a little over $5 this year for a family of four.

The government however declined today for the first time to put a price tag on the goodies that go into the turkey day menu. The explanation by an Agriculture Department spokesman was: "Costs of specific items vary from place to place and we got lots of reaction last year from people who said either they didn't pay as much as we said or had to pay more."

THE DEPARTMENT did suggest a menu—and even recommended quantities—to satisfy the holiday appetites of an average family of two adults and two children, aged 9 and 12.

Based on the department's recommended menu and quantities, a UPI survey of Washington, D. C., supermarkets indicated that this year's turkey and trimmings should cost $5.29. That's slightly lower than the government estimate a year ago.

Prices in other areas should vary only slightly from that figure, an Agriculture Department official said. He said the price anywhere in the country would probably not go very much below $5 or much above $5.50.

The department's recommended menu includes turkey and dressing, sweet potatoes, peas, cranberry sauce, a relish tray of celery, stuffed olives, lettuce and tomatoes, coffee, milk, rolls and topped off with pumpkin pie.

ACCORDING TO the department, a family of four requires five pounds of turkey. At an average price of 43 cents a pound, that would come to $2.15.

Other quantities and costs: two packages prepared dressing, 50 cents; 1 1-2 pounds sweet potatoes, 20 cents; one pound frozen peas, 24 cents; half stalk of celery, 9 cents; 5 ounces stuffed olives, 35 cents.

One pound cranberry sauce, 22 cents; head of lettuce, 21 cents; pound of fresh tomatoes, 34 cents; four ounces French dressing, 18 cents; two-thirds of pumpkin pie, 24 cents; package of brown-and-serve rolls, 29 cents; four ounces margarine, 10 cents.

AN AVERAGE FAMILY of four uses two cups of milk, costing 13 cents, and six tablespoons of coffee, costing a nickel during such a meal.

Of course, the department points out, most families don't eat all of a major item —a whole turkey, for instance —at one sitting. So your grocery bill for Thanksgiving will be higher than $5.29.

It would be $4.01 higher, in fact —or $9.30 —since you have to buy normal quantities of everything, not portions.

Legislative Unit Will Meet Monday

The Marin Women's Legislative Council, members of California Federation of Women's Clubs, will meet at Ross Valley Savings and Loan committee room, Monday, at 10 a.m.

The executive board will meet at 9:30 a.m.

Recommendations will be made to the council by the legislative chairman Mrs. Paul Hammer for action on pending legislation.

Clifford Lund, Foreman of the Marin County grand jury, will be the speaker.

Holland Canal Cruise Is Yachting Film Program

Films showing "A Canal Cruise Through Holland," taken by Dr. and Mrs. James Callas of San Rafael will be presented at the San Francisco Yacht Club dinner program Dec. 6 at the Belvedere clubhouse.

Dinner is scheduled for 7:30 p.m. with the program to start at 8:30 p.m.

O. R. Holm is chairman and Colin Mason will be program chairman.

Teens Order S.O.S. Club Buttons To Solve Many Different Problems

DEAR HELEN:
I had a sudden idea. Why not send S.O.S. buttons in my Christmas cards to kids my age? We've got lots of nieces and nephews and things, and also friends from all over because we're Army and move a lot.

When is the latest we could order buttons and still get them out to people by Christmas?
—LOOKING AHEAD

DEAR LOOKING:
If you order buttons on Nov. 22-25, I can have them to you in the Week of Dec. 4. Merry Christmas!—H.

P.S. Handling charges are 10 cents each button.

DEAR HELEN:
What're the most unusual reasons you've received, for buying an S.O.S. button?—CURIOUS

DEAR CURIOUS:
How about these:

DEAR HELEN:
I would like an SOS button for my sister, to show her how I feel about her boy friend!!
—BIG BROTHER

DEAR HELEN:
I would like to order a button. I am not saying I wouldn't go steady with a boy if he asked, but, as of now, no one has.
—AGE 14

DEAR HELEN:
A girl friend of mine was having problems with a boy friend who wanted to be more than a friend. And your button got the message across without any hurt feelings. So I'm ordering three.
—CHRIS

DEAR HELEN:
My town's kind of small and very stupid. If you're seen walking or talking to some guy twice everyone thinks you're going steady, but you don't have a date if you're not.

But, worst of all, if you're "going steadily" you're labeled as Jimmy's or Danny's "girl" so hands off!

I sure hope SOS will stop the pairing off that high school students seem in such a hurry to do — to other couples!—YUK

DEAR HELEN:
At first I thought your SOS Club was for the birds, but now I see what you mean! I thought it was great going steady until my girl friend broke up with me. Then it hit!

I never thought I could be this popular with girls. I have several real good girl friends and one extra special. So now I see the light. I know how much fun it is to be free. Send along that button fast.—A GUY WHO HAS SEEN THE LIGHT

DEAR HELEN:
The first week after my steady and I broke up, I thought it was the end of the world. Then one day I got to talking with a boy who had avoided me because I was "Johnny's girl." He learned I wasn't any more. A few days later he and several other fellas came by my house. They're a bunch of decent kids who like girls but don't go for this "steadily" business. So now my house and yard are where the teens come to talk and make casual dates. We girls make it plain to them we won't be playmates, and they respect us.

I've discovered that freedom is best. You get a choice of who you want to date, when, and if you want to see him again. It's like having a fan club — and the boys think it's great. Incidentally, I'm not what you'd call a great catch, but I don't make demands and get jealous and possessive — and I act decent. Guys appreciate this. So they keep coming around and I'm having—THE TIME OF MY LIFE

Want an SOS button? Send 10 cents for each button to Helen's SOS Club, Box 8504, Sacramento, Cal. 95822.

PRESS GUIDES ARE AVAILABLE

A new guide for press chairmen who are interested in getting news to the Marin Women's Section of the Independent-Journal is now available at the San Rafael main office and Mill Valley, Tiburon and Novato offices of the newspaper.

The booklet, "Getting News Into Your Newspaper" is issued as a service of the Independent-Journal Women's Section to assist press chairmen for Marin women's organizations.

Features of the guide explain policies of coverage, how to handle news stories and meeting notices, and what pictures are used.

The booklets at the San Rafael office may be obtained from the switchboard operator.

IS THIS LYNDA'S GOWN?

This sketch, by Scranton, Pa., Times artist Lew Harsh, is Lynda Bird Johnson's wedding gown, according to an article in the newspaper by Times' Women's Editor Chris Vanston. She said a Scranton bridal consultant and buyer came upon the gown in a New York bridal salon, and described it to her. She further said the consultant checked Harsh's sketches and described it "a good reproduction" of what she saw. (AP Wirephoto)

Terrie Higgins Becomes Bride Of Kenneth Grist

A double ring ceremony united Terrie Eileen Higgins of San Rafael and Kenneth LeRoy Grist in marriage at 2 p.m. Nov. 4 at the First Presbyterian Church of San Rafael.

The bride, daughter of Mrs. Doris Eileen Higgins of San Rafael and the late Warren Edward Higgins, wore a full length ivory brocade gown with chapel train. The gown of her maid of honor, Betty Kopchur of San Rafael, was a floor-length burnt orange velveteen.

Best man was Bruce Thompson of Petaluma, and showing guests to their seats were Dwayne Baughman of Santa Rosa and Murray Jewell of San Rafael. After a reception at the Deer Park Villa in Fairfax, the couple left on a wedding trip to Lake Tahoe. They are living in San Rafael.

The bride graduated from Lowell High School in San Francisco. She is the sister of the late Bruce Edward Higgins.

Mr. and Mrs. Roland Grist of Healdsburg are the parents of the bridegroom. He was graduated from Lodi Academy and is the owner of Harbor Automotive.

Toni Seaton Wed In Sausalito Rite

Christ Episcopal Church in Sausalito was the setting for the wedding of Toni Anne Seaton and Clark Chapell Woolston of Kentfield on Nov. 11.

The daughter of Mr. and Mrs. William H. Seaton of Corte Madera, Toni wore a white lace gown with train, and her sister, Terry Seaton, as maid of honor and Kelly Thompson, the bridesmaid, wore red velvet floor length dresses.

Jerry Strom of Kentfield was best man, and ushering was Peter Smiley of Ross.

A reception followed at the Cherish Inn in Strawberry Shopping Center. After A Southern California wedding trip the newlyweds will live in Corte Madera.

The bride is a Redwood High School graduate and she attended the College of Marin. She is employed with the Marin County Planning Dept. at the Civic Center. Tony Tambussa of San Rafael is her grandfather.

Mr. and Mrs. William Woolston of Kentfield are parents of the bridegroom and he is the brother of Patricia and Janice Woolston, also of Kentfield.

Clark is a graduate of Redwood High School and is a student at College of Marin.

He is the grandson of Mrs. Dewitt Clark of Mill Valley.

New Delhi Roof Garden Is Scene Of Surprise Wedding

MOLLY MARIN

Friends invited to a birthday-Halloween-Devali celebration in New Delhi, India, Oct. 31, found that the real purpose of the party was the marriage of Donald Erlenkotter of Kentfield to Sharon Johnston of Piedmont. For Devali, a religious holiday, there are fireworks and tree lights. The ceremony was performed at sunset on the roof garden of Don's home, with a background of palms, ferns, flax and lighted candles. Champagne and a buffet serving Indian and American dishes followed the ceremony. Sharon wore a white sari trimmed in gold and silver embroidery.

Sharon is a graduate of the University of California, where she was an Alpha Chi Omega. The taught in the Dixie School in San Rafael last year and is teaching art in the U.S. Embassy School in New Delhi.

Don is the son of Col. and Mrs. Robert Erlenkotter of Kentfield. He is currently working on his thesis for a Ph.D from Stanford and has a two year assignment in New Delhi with the American International Development program. His fraternity is Phi Kappa Sigma.

The newlyweds are enthusiastic skiers and plan to spend Christmas in the Kashmir mountains.

MRS. JAMES SULLIVAN of the Marin Country Club Estates in Novato invited neighbors in for a coffee Friday morning to introduce Mrs. Edward Rifkind and Mrs. Robert Ferguson, new residents in the Country Club Estates.

A JOLLY SHOWER will be given Friday by Bruce Fairey, son of the Thomas Faireys of Porto Bello West, San Rafael, who is home from San Jose University for the Thanksgiving holiday. He is an usher for the Dec. 9 wedding of Regina Ruggiero and Steve Tenney. The shower will honor members of the bridal party, and a buffet supper will be served.

ON A MEDITERRANEAN vacation are Mrs. and Mrs. Royce Israel of San Rafael. They sailed from New York aboard the S.S. Michelangelo on Thursday.

DRAMA REVIEW

'Long Day's Journey' Is Now Memorable

By KARL BARRON

SAN FRANCISCO — The four members of Eugene O'Neill's family took to the stage again Sunday night at the Marines' Memorial Theater in American Conservator Theater's second production of "Long Day's Journey Into Night."

Actually it is the same production so far as cast and set go, but what a difference! Last spring's "Long Day's Journey" was a long and yawning one, indeed, with people leaving the theater before its conclusion.

PICKS UP TEMPO

Director Byron Ringland and his cast have picked up the tempo, the characterizations and the meaning of the play, to present a memorable production of O'Neill's bitterly harrowing total recollection of his family. Certainly one of his best, if not his best play from a dramaturgical standpoint, this closely knit study of humanity's mental pain leaves the viewer drained at its close.

The Tyrones, (O'Neills) father, mother and two sons, although they are defined as individuals, still portray the hopes, the terrors and the disillusionment which each of us faces in a world seeming to function without intelligent order. The elder Tyrone, penurious after a poverty-ridden childhood, destroys his wife with his penny pinching; she, broke by the destruction of childhood dreams, takes to narcotics and retreats to dreams; James, the elder son, a once promising actor, is destroyed by alcohol and senseless living; Edmund, the younger son, is ravaged by tuberculosis and a growing belief in the sheer futility of life.

INNER JABS

These four, living in a seemingly normal family situation, tear at each other with what has happened in the past, each blaming another for what has befallen him. And yet, each hesitates after driving in a knife, halted by the inescapable love he bears the other.

Mary Tyrone can't say simply "I love you," to her husband. She says "I love you in spite of everything." James Sr., in one of O'Neill's most powerful evocations of futility, recalls a play which made fabulous amounts of money, pauses and says "What the hell was it I wanted to buy?"

The play's most dramatic moment comes in a scene between David Grimm as Edmund and Patrick Tovatt as James, Jr., when James warns his brother that despite his love, he has always envied him and will again attempt to make him fail.

Tovatt, topping a fine characterization with this final drunken scene, is superb. Grimm's tubercular younger son is well-done, although in the long fourth act scene with his father he tends to hit too high a pitch and stay there.

WITH AUTHORITY

Ramon Bieri plays the elder Tyrone with authority, making us understand what his motivations are, and in his description of receiving high praise from Edwin Booth, moving the audience to tears.

But the greatest credit for the improvement of this production (aside from Ringland's obvious tightening) must go to Angela Paton. In the spring I felt she was the weakest link, struggling through the demanding role. Now she is magnificent within the limitations of a voice which tends to higher registers and becomes difficult in long speeches. But Miss Paton is using every bit of her ability now, giving us a Mary Tyrone who is believable, moving, pitiable, and above all, in her early scenes, like a terribly trapped animal. She well deserves the bravos she received on opening night.

"Long Day's Journey" joins the repertory with "Under Milkwood" and Albee's "The Zoo Story" and "The American Dream" opening this week.

Terra Linda Band To Be On Telestar

American servicemen throughout the world will watch Terra Linda High Schools 104-man band perform on Thanksgiving Day via Telestar.

The band will present a half-time show in Vallejo where one of the top service teams will meet a top semi-pro team in a nationally televised game.

Teen-Agers Honored By Optimists

Three Marin County teen-agers have been honored by the Optimist Club of San Rafael for outstanding volunteer achievements as part of the club's annual youth appreciation week.

They are Redwood High School students Ken Ecker of Greenbrae and Margo Reichard of Corte Madera and Terra Linda High School student Darrell Anderson of Terra Linda.

Ecker, son of Mrs. and Mrs. William H. Ecker, is a volunteer at the Louise A. Boyd Natural Science Museum, San Rafael and his duties include feeding the animals and giving tours to youth groups.

Miss Reichard, daughter of Mr. and Mrs. Ken Reichard, is active in the Camp Fire Girls and, among her other activities, she is a Red Cross swim aide instructor and a tutor at th Marin City study group.

Andersen, son of Mrs. Sylvia Andersen, has been a weekly volunteer at the Kaiser Hospital and Sonoma State Hospital. His other activities include working with the Red Cross Club. The teen-agers were honored at the Optimist Club's annual dinner at Sonoma Joe's in Petaluma Friday.

CONCERT REVIEW

Pure Lyric Beauty In Francesca Howe

By MAYBELLE SPECKMANN

If you have a chance to hear soprano Francesca Howe, don't miss her — if you like pure lyric and coloratura singing in the best bel canto style.

In last night's recital in the Dominican College Concert Artist Series in Angelico Hall, Miss Howe held her audience practically spellbound with a program of impeccable taste well chosen to display her special musical gifts.

To begin with, she was beautiful and poised, with a stage presence free from tension and affectation and without the slightest ineffectual gesture.

Her voice had a tonal beauty with a silvery flute-like quality, and some of her other admirable vocal attributes were a smoothly sustained legato with a remarkable flexibility and agility that permitted shakes and other melismatic ornamentation as effortlessly produced as the warbling of a bird.

The first indication of this skill was heard in the "Laudamus Te" from Mozart's Mass in C Minor, and it was most evident in "A' Fin Son Tua," the famed mad scene from Donizetti's opera "Lucia Di Lammermor."

The young singer's groups of songs were excellent vehicles for showing her sensitive interpretation of various moods and communicating the feeling to her audience.

Especially suited to the elegance of her style were the French groups. These were four songs under the title "Les Nuits D'Ete" by Berlioz and another four entitled "Les Chansons De Ronsard" written by Milhaud for Lily Pons.

An unusual group was one of songs by Tchailkovsky — four sung in Russian and one, the "None But the Lonely Heart" in German.

Miss Howe's opening number, "To God Who Made the Radiant Sun" from Handel's "Alexander Balus" was largely a warm-up number.

Pianist Alden Gilchrist was, as usual, a fine accompanist.

The Boston "News-Letter" carried the first newspaper advertisement in America May 1, 1704.

Yale, Vassar Call Off Plans

NEW HAVEN, Conn. (AP) — Yale University and Vassar College in Poughkeepsie, N.Y. have decided to go their separate ways, ending a year-long study of the possibility of affiliation.

The women's institution announced yesterday it had decided to remain in Poughkeepsie and continue to be "the mistress in our own house." At the same time it disclosed plans for an expansion program that would include setting up a coordinate men's college at Vassar.

In a separate and simultaneous announcement, Yale President Kingman Brewster Jr. announced his school would "explore the possibility" of founding its own women's college.

Tam Coed's Father Wants Board Action On Beatings

A Mill Valley man complained to Tamalpais High School District trustees last night that his two daughters have been repeatedly assaulted by a group of Negro girls at Tamalpais High School and the school authorities have refused to do anything about it.

The school trustees, and the principal of the school, Robert H. Prather, would not discuss his complaint publicly, on grounds that the children involved must be protected from publicity. They offered to meet privately with the angry father, John E. Peterson of 150 Greenwood Way, Mill Valley.

Peterson said the youngest girl has been assaulted four times, most recently in an office of the school where a meeting between Peterson and school authorities was held to try to settle the matter.

"I was shocked to see the lack of discipline and control the authorities seem to have over their own office," said Peterson. "They seem to be overlooking it for some reason that I don't understand.

"I think my children are terrified to go to school at times. I'm only asking you to do something about it."

Peterson has hired an attorney and he did not indicate whether he would take the trustees up on their offer to hold a closed meeting. He said a juvenile officer was not allowed to attend a meeting with school authorities.

Supt. Chester G. Carlisle said, "I don't believe any crime is being committed at Tam. We ought to have a closed board meeting, since this concerns the manner in which school personnel is handling the matter."

Committee To Guide Repeat Tam Bond Try

The Tamalpais High School District has two alternatives open to it, extended sessions or temporary classrooms, to deal with overcrowding at three high schools following the defeat of a $12,315,000 bond issue on Oct. 10.

District trustees discussed, but took no action last night on these alternatives for Sir Francis Drake, Redwood and Tamalpais high schools.

A 10-member committee was appointed to plan another bond election.

Superintendent Chester G. Carlisle recommended that the school system spend $328,800 for facilities, mostly temporary, at Sir Francis Drake and Redwood high schools. He was supported by Harold Allison, Drake principal, and Donald Kreps, Redwood principal, who spoke in opposition to the effet that extended sessions would have on students.

But Mrs. Bette Wallace, school trustee, pointed out that the limited building program would use up more than half of the school system's reserve, $650,000.

The trustees will consider the alternatives, portables or extended sessions, at its next meeting Dec. 4.

Members of the bond election committee are: Mrs. Francis Compton, Greenbrae, chairman; John Cutler and Richard Jessup, Mill Valley; Dr. Jack Kudler, Sausalito; Mrs. Doris Harnsberger, San Anselmo; George Stone, Fairfax; Frank Miller, Greenbrae; Mrs. Sally Rakow, Ross; David Ring, Tiburon; David Faw, San Anselmo.

The school trustees also:

RESIGNATION — Accepted the resignation of Mrs. Alison Rittiger as a teacher at Redwood High School. Her husband has accepted a job in Tokyo.

APPOINTMENTS — Named two new teachers at Redwood, Mrs. Dina Block Walker, San Francisco, her first teaching job, and Mrs. Maria Black VanBuskirk, Ross.

Seminary Will Shift Students To Berkeley

Officials of San Francisco Theological Seminary in San Anselmo revealed plans today to move education of first and second year theological students to the Graduate Theological Union in Berkeley.

This would mean about 110 students would move from the San Anselmo campus to Berkeley for instruction at the multi-religion theological union.

"There is no thought of diminutition of the facilities or our program here," said Dr. Arnold B. Come, president of the San Anselmo seminary.

Student vacancies in dormitories on the San Anselmo campus mean the seminary can expand its program for ministers who want to return for study, ranging from seminars of a few days to a return to study for advanced degrees.

Come said it had not been decided whether the seminary would construct a dormitory in Berkeley or if students housing would be up to the individual.

All students at the seminary already are college graduates. If the plan announced today goes into operation by fall of 1969, as Come hopes, the first two years of study following college would be spent in Berkeley, with courses from the union which includes Roman Catholic, Protestant and Jewish theological teachers and students.

The third year of study toward a master's degree in theology would be offered at the San Anselmo campus. The student then may be eligible to be ordained. Presently all three years are spent on the San Anselmo campus.

The change also would make possible a four-year doctoral degree in theology not linked to teaching, Come said. Seminary students now study for a teaching doctorate at the union, with some classes at the university.

"We intend to retain our Presbyterian identity, with our own board . . . ." Come said. "But this does not conflict with our deeper commitments to, and involvement in, ecumenical patterns of theological education." The San Anselmo seminary will continue to grant its own degrees, Come said.

The Graduate Theological Union was formed in 1962 and is located a block from the University of California campus in Berkeley. It now has 112 students and a faculty of 65 from the member schools, including San Anselmo Theological Seminary.

Groups making up the union are Jesuit, American Baptist, Jewish, Protestant Episcopal, Dominican, Lutheran, Presbyterian, Unitarian-Universalist and Franciscan.

Cash Box Stolen

A cash box containing an undetermined amount of change was stolen overnight from A-1 Auto Parts, 475 Miller Avenue, Mill Valley police reported yesterday. The thief pried open a rear door to enter the building.

HORNETS' PRESIDENT

Student Leader Sees Gain In Competition

By THERON A. NEWELL

(Second in a series on student body presidents in Marin high schools.)

"Maybe we can get better school spirit by dividing the students at Novato High School into smaller groups and then get their loyalty to the school as a whole," said Henry C. (Hank) Hicks, the fall semester president of Novato High School student body.

For the first time the student council wants classes and clubs to promote school spirit themselves, and then try to transfer this to the school as a whole, Hicks said.

"It worked fairly well at the last spirit week. We had contests between the various classes to see who could yell the loudest," he said.

The student council is also trying to improve Novato High in joining the California Association of Student Councils, he said.

"We have held two conferences, one at Asilomar and one at Cotati," he related. The representatives of the student councils discussed parliamentary procedure and what the school has done.

Hicks is tall, with brown hair and blue eyes. He has played basketball for two years and wrestled in the 165-pound class.

Last year he was the editor of the Hornet's Buzz, the school paper, but gave that up when he became student body president.

Hicks stated that marijuana is a problem at the school, but he has not come into personal contact with it, he said.

The school changed principals this year; assignment of Stanley Onderdonk as principal has affected the students, Hicks said.

"Things are different under the new administration; they use different methods of dealing with the students.."

Extreme dress among the students and long hair on the boys are not a problem this year, Hicks said. "It came to a head last year, and we have not had any trouble so far this year."

Hicks considers himself a product of Novato schools, although he has attended Novato schools, only since he and his parents, Mr. and Mrs. Henry I. Hicks moved to 12 Drakewood Lane, when he was in sixth grade.

In addition to carrying six subjects, student body duties and other campus activities, Hicks will have the lead in the next school play, "Little Abner," to be presented in February.

Water Districts Held One Answer To Sewage Problems

Marin County's future sewerage service can be administered by the two water districts in the county or by three large sanitation districts, engineer Dan P. Norris told a group of about 50 citizens last night at Civic Center.

This was the second presentation of the $81,000 sewerage study made by Brown and Caldwell, San Francisco consulting engineers.

Norris said North Marin Water District could coordinate sewerage functions in West Marin and Northeast Marin, and the Marin Municipal Water District could perform a similar function for Southeast Marin and the Bolinas area.

Other alternative would be to have county sanitation district No. 1 handle west and northeast Marin, sanitation district No. 2 for San Rafael and Corte Madera, and sanitation district 3 for Richardson Bay, Marin Headlands and Bolinas watersheds.

In answer to questions from the audience, Norris acknowledged that septic tanks recommended by Brown and Caldwell would cost three times those now in use, but this would be necessary if the quality of service is to match the service provided by community sewer facilities.

Brown and Caldwell engineers will make another presentation before supervisors at 1:45 p.m. Dec. 5.

Milk Cost Hike In Store For Marin County

The retail price of milk in Marin County, and elsewhere in California, will increase a half cent a quart Dec. 1, State Agriculture Director Earl Coke announced yesterday.

A quart of milk, presently 27½ cents, will cost the consumer 28 cents, and a half-gallon, presently 53½ cents, will cost 54½ cents.

The increase applies to all of the state with the exception of Imperial County and Del Norte-Humboldt marketing areas, where changes in the minimum prices are still under study.

Coke said the price increase was to cover increased production costs.

Woman In Court On Dope Charges

Margaret Ann Stevenson, 27, of 35 Valencia Street, San Rafael, was arraigned in Marin Municipal Court yesterday on charges of attempted possession of LSD and misrepresenting herself as a physician to order drugs.

San Anselmo police arrested her Friday, saying she identified herself as Dr. Eugena Hayes of 599 Sir Francis Drake Boulevard, San Anselmo, to order drugs by telephone from the San Anselmo Pharmacy at 312 Sir Francis Drake.

She was arrested when she came to pick up the drugs, police said.

Coffee Sessions Set For Novato Bond Vote

The women's subcommittee of the Novato citizens committee for the park and street bonds, last night disclosed plans to hold 120 coffee meetings to support the $8 million parks and street bond election Jan. 23.

Mrs. James McEntee, chairman of the women's subcommittee, reported that the coffee meetings would be held between Jan. 2 and 22, said Mrs. Carolyn Crabtree, publicity chairman.

SUMMONS IN EMINENT DOMAIN

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO THE ABOVE-NAMED DEFENDANTS:

You and each of you are directed to appear in an action entitled as above, brought against you, and each of you, in the Superior Court of the State of California, in and for the above County, and to answer the complaint therein within ten days after service upon you of this Summons if served within this county, or within thirty days if served elsewhere.

Said action is brought by plaintiff to condemn and acquire an easement for sanitary sewer main and appurtenances in, over, across and upon Parcel 2, more particularly described in Exhibit "A", attached hereto and by this reference made a part hereof.

EXHIBIT "A"

All that certain real property situate in the County of Marin, State of California, and more particularly described as follows:

PARCEL 2:

A strip of land 10 feet wide lying five (5) feet on each side of the following described center line:

Commencing at the Westerly corner of that certain tract of land described as the Second Tract in the Deed from James and William J. Miller to Henry J. DeFiennes dated October 19, 1885 and recorded in Volume 2 of deeds at page 363, Marin County Records; running thence from said point of commencement along the Southwesterly line of said Second Tract, S. 58° 58' East (Called S. 59° East in said Deed) 10:00 feet; thence leaving said line S. 31° 02' West 5.00 feet to the true point of beginning of the easement herein described; running thence from said true point of beginning N. 58° 58' West 10.58 feet; thence N. 46° 37' West 492.64 feet more or less to a point in the center line of that certain sanitary sewer easement conveyed by Herman Schmidt et al, to the Las Gallinas Valley Sanitary District by deed recorded October 3, 1958 in Volume 1223 of Official Records at page 15, Marin County Records.

Containing 0.11 acres, more or less.

You and each of you are hereby notified to appear and show cause why the property above described should not be condemned as prayed for in said complaint. You are hereby notified that unless you appear and answer as above, said plaintiff will apply to the court for the relief demanded in said complaint.

GIVEN UNDER MY HAND, and the Seal of the Superior Court of the State of California, in and for the above County, this 21 day of April, 1967.

MARIN COUNTY FAIR BUILDING VETERANS MEMORIAL AUDITORIUM NOTICE TO CONTRACTORS

Building Construction and Site Development

1. NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of Marin, State of California, will receive sealed bids for the furnishing of all labor, materials, transportation, and services required for the construction of the Marin County Fair Building-Veterans Memorial Auditorium at the Marin County Civic Center, Highway 101 and North San Pedro Road, Marin County, California, **including Site Development.** It is to be noted that this is a rebid with modifications of building construction and site development work for which bids were originally accepted on September 26, 1967.

2. Each bid shall be in accordance with the Drawings, Specifications and Contract Documents prepared therefor, now on file with the Director of Public Works, Administration Building, Marin County Civic Center: William Wesley Peters, Architect, Taliesin Associated Architects; Aaron G. Green, Architect Associated. The Drawings for Site Development are as prepared by the Marin County Department of Public Works. Building construction drawings and specifications are exactly as issued originally but are accompanied by "Rebid Addendum" which indicates modifications to the contract documents forming a part of this rebid. Site development work shall be in accordance with revised plans and specifications dated 11/14/67.

3. Drawings, Specifications and Contract Documents may be examined at the office of Aaron G. Green, AIA, 319 Grant Avenue, San Francisco, California; at the office of Alexander Boome, Mechanical and Electrical Engineer, 439 Tasso Street, Palo Alto, California; or at the office of the Director of Public Works of Marin County.

4. Bidders wishing to bid are requested to contact the office of Aaron G. Green, 982-7398, so that drawings may be reserved.

5. Site Development work plans and specifications may be obtained from the Marin County Department of Public Works or from the Architect.

6. Three complete sets of Drawings and Specifications may be obtained by each bidder at the office of Aaron G. Green upon deposit of $75.00 per set (Building Construction, Site Development and Stage Equipment).

7. Deposit will be refunded if bidder returns documents in good, usable condition, with added marks erased, within 10 days after bid opening.

8. Additional sets of prints or individual prints of individual drawings or sections of specifications may be purchased via your order to the Royal Blueprint Company, 70 Fremont Street, San Francisco, California.

9. Bids shall be submitted upon proposal forms furnished by the County of Marin, in accordance with regulations as set forth in "Instructions to Bidders", and shall be accompanied by certified check or bid bond, as specified in Instructions to Bidders.

10. Bids including subcontractor listing, alternates, and unit prices for Building Construction and Site Development shall be sealed and filed with the County Clerk, Chambers of the Board of Supervisors, Administration Building, Marin County Civic Center, on or before 4:00 P.M. P.S.T., December 12, 1967, and will be opened and read publicly at that time.

11. The Board of Supervisors of the County of Marin reserves the right to reject any or all bids or unit prices, waive any irregularities in any bid and to contract work with whomever, and in whatever manner it may determine. No bidder may withdraw his bid for a period of 45 days after the date set for the opening thereof.

12. All Bidders and Subcontractors shall be licensed at the time of bid date by the Contractor's State License Board of the State of California to perform the work herein described.

13. A bond will be required for the faithful performance of the Contract in an amount of not less than 100% of the amount of the bid, and a bond will be required to guarantee the payment of wages for services engaged and all bids contracted for materials used in the performance of the contract in an amount of not less than 50% of the bid.

14. Bidders are hereby notified that pursuant to the Statutes of the State of California, or local law thereto applicable, the Board of Supervisors has ascertained the general prevailing rate of per diem wages in the locality in which work is to be performed for each craft or type or workman or mechanic needed to execute this contract. The prevailing rates so determined are based on an 8 hour day, 40 hour week, except as otherwise noted. Existing agreement between the Building Trades and the Construction Industry groups relative to overtime, holidays and other special provisions shall be recognized.

15. **WAGE SCALE**

Summary

This section lists the minimum wages that may be paid on work on this project, in conformance with the Statutes of the State of California.

Schedule Explanation

a. The prevailing rates are based on an 8 hour day, 40 hour week. Existing agreements between the Building Trades and Construction Industry Groups relative to overtime, holidays and other special provisions shall be recognized.

b. Verification and further inquiries with respect to these rates and for classification or trades not listed should be made at the Building and Trades Council, Marin County, California.

c. The wage scale is kept current by the Building and Trades Council as changes are reported from time to time. The following rates were reported on July 1, 1967.

West Marin Density Brings Critical Words

A discussion of how the West Marin plan would apply under the higher density (1.15 units per acre) insisted upon by supervisors brought a brief flareup at yesterday's meeting of the Marin County Planning Commission.

"I don't see whether further studies will do anything if we will be judged in an arbitrary manner by the supervisors," said Michael Praszker. He explained he would have welcomed a criticism by the supervisors of the West Marin plan. "For example, I'd accept a statement from the supervisors that the plan was a bum one."

But, said Praszker, the supervisors rejected the plan without a word of criticism other than to say "it didn't fit in with their conception of the 1.15 density."

"I don't think the board was arbitrary," replied Commissioner Niels Schultz Jr. "I don't think there was any slur on the planning commission intended."

Melvin J. Rupp, executive director of the Marin Property Owners Association, tore into Praszker.

"The statement that supervisors had reached the 1:15 density arbitrarily is unbelievable," stormed Rupp. "I don't think that kind of statement should go unchallenged."

The commissioners decided that the whole question of reconsidering the West Marin plan and a system of bonuses that would be given to developers for good design and planning would be taken up again on Jan. 4, the commission's first meeting of the new year.

Commissioner Hugh Dougherty suggested a list of five factors on which bonuses would be based: For entering a planned district, for providing low and moderate income housing, for creating focal point centers such as for shopping or recreation, for preserving or dedicating scenic views, and for excellence in plan and architectural design.

Rezoning Fire District Land For Service Station Rejected

The Novato Fire Protection District yesterday failed in its bid to rezone a portion of a firehouse site in Ignacio so that it could be sold for service station use.

Marin County Planning Commissioners unanimously rejected commercial zoning for the property, located on the northwest corner of Ignacio Boulevard and Entrada Drive, just south of Galli's Restaurant.

The 1.10-acre site was purchased by the fire district from the state in 1962. Since the site it too large for a fire station, the district divided that land into parcel A (20,600 square feet) and parcel B (27,400 square feet). It will keep the first parcel for a future fire station but wanted to sell the second parcel for a service station.

Walter Kieckhefer of Novato opposed the rezoning, on the basis that "we will be encouraging other governmental agencies with the power of condemnation to involve themselves in land speculation . . ."

"It's not for capital gain," said Fire Chief George Cavallero. "We just have a surplus of land and we feel there is no use in keeping it off the tax rolls."

County Planning Director Paul C. Zucker opposed the move because surrounding commercial properties are already overbilt, four service stations exist within 1,300 feet of the site, and the site is the gateway to many residential areas.

Zucker said the Marin Housing Authority is interested in the site for housing the low income elderly. "I feel this should be residential rather than commercial."

Commissioner Margaret Azevedo moved to deny commercial zoning, and all seven commissioners voted to deny the rezoning.

Innocent Pleas To $1,500 Jewel Theft

Eugene Corgi, 33, pleaded innocent in Marin Municipal Court yesterday to a grand theft charge that he took jewelry worth $1,500 from the home of his sister, Lena D. Fassi at 39 Rosebank Avenue, Kentfield.

Preliminary hearing for Corvi, who lists his sister's house as his place of residence, will be Friday at 8:30 a.m.

Black Point Land Rezoned In Split Vote

About 40 acres of dredger Charles Hover's property on the Petaluma River waterfront at Black Point was rezoned from industrial to limited agricultural late yesterday by a 4-3 vote of the Marin County Planning Commission.

The planning commissioners wanted to consider other types of zoning such as resort-commercial and 10,000-square-foot residential.

Commissioner Hugh Dougherty moved for a resolution of intent to rezone the Hover property to 10,000-square-foot residential, or in the alternative to zone the state-owned portion of the tidelands to resort-commercial and the rest to 10,000-square-foot lots.

Planning Director Paul C. Zucker explained that these zones could not be approved immediately because they had not been advertised.

Attorney Bryan R. McCarthy, representing Hover, declared his client was tired of getting continuances week after week. "We want a decision now," said McCarthy.

Forced to choose between leaving the entire property industrial or changing to limited agricultural, the commissioners split 4-3. Margaret Azevedo, Dougherty, Michael Praszker, and Dr. William F. Upton voted for the change to limited agricultural. Eugene R. Trombley, Walter F. Freitas and Niels Schultz Jr. voted against the change.

Driver Course Offered Again

Driver training courses will be offered again next semester at Terra Linda High School, Pat Costello, head of driver education, announced today.

The course is open to sophomores, juniors and seniors, with priority going to seniors because the course is now a prerequisite to graduation.

Students who successfully complete driver education are eligible to apply for driving permits at 15½ years of age. Otherwise a person must be 17½ before he can apply for a driver's permit.

Jail Escape Trial To Commence Today

Trial of Richard Lee Hastings on a charge he escaped from county jail Aug. 25, was scheduled to begin today in Marin Superior Court.

Hastings, 28, of San Francisco, is accused of fleeing a sheriff's bailiff after he appeared in court on a charge of passing a worthless $1,375 check in Mill Valley. He was recaptured by officers minutes later and returned to jail.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

To Evaluate Degree Of Burns, Use What's Called 'Rule Of Nine'

VAN DELLEN

A Detroit mother writes: "How do physicians estimate the amount of body surface involved in a burn? When my son's back was scalded, the doctor said the burn area was approximately 15 per cent. I thought it should be double this."

How is the boy getting along? This is more important than estimating the extent of the burn. Many physicians use the rule of nines in evaluating severity of burns. Head and neck are 9 per cent; the upper extremities, 18 (9x2); the lower extremities, 36 (18x2); the front of the body is 18, as is the back, leaving 1 per cent for the crotch. More accurate methods are available but the above rule is simple and rapid.

AGE AND DEPTH of a burn also are important. A 30 per cent third degree burn in a 60-year-old individual may be fatal. The same burn in someone under 50 is less serious. Even moderate burns in infants are serious and the mortality is especially high for babies under one year.

Where the person is burned influences the outcome. Third degree burns of the hands, feet, face, neck, and joint surfaces usually are critical. Facial involvement may also damage the lungs, especially when noxious gases or smoke are inhaled. In general, burns of the upper part of the body are worse than those of the lower part. Obese persons, alcoholics, and those with heart trouble, kidney disease, and arthritis also have an extra strike against them.

BURNS ARE classified minor when they cover less than 10 per cent of the surface and involve the upper layer of skin. Those extending through all the layers are also minor but only if less than 2 per cent of the surface is involved.

The objectives of first aid are to prevent contamination of the wound, alleviate pain, and get medical attention as quickly as possible. Clean towels or sheets soaked in ice water bring almost complete relief in moments.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request to the Independent-Journal.)

ONE OF THE BOYS

Mrs. J. writes: My son pals around with three or four other boys and they stand for hours on the corner talking and laughing. He seems to have no time for the family. Is there any harm in this practice?

REPLY

The herd instinct is strong in many children who spend most of their time with others their own age. There is no harm provided the youngsters behave themselves.

TYPES OF EPILEPSY

F. E. writes: Why is epilepsy referred to as grand mal and petit mal?

Reply

These are the two major types of the disease, expressed in French terms. Petit mal (little sickness) is a minor episode, resembling a blackout. Grand mal (great sickness) attacks are major seizures in which loss of consciousness is associated with a convulsion.

BLISTERS, SORES

L. P. K. writes: For some time I have been getting sties on my eyes, fever blisters on my lips, and canker sores on my tongue. Can you help me?

REPLY

These conditions have little in common. A dermatologist should be consulted, for the lesions may be an outward manifestation of a single disease.

BODY ODOR CAUSES

R. Z. writes: Can nervousness cause body odor?

REPLY

Yes, but there are other causes. Send a stamped, self-addressed envelope for our leaflet on this subject.

Preliminary Regional Plan Called Limited In Scope

A preliminary regional plan for the Bay Area, prepared by the Association of Bay Area Governments, "tends to be naive and limited in scope," two members of the Marin County planning Staff declared yesterday at a meeting of the Marin County Planning Commission.

Planning Director Paul C. Zucker and planner Albert Solnit declared that ABAG's regional plan is "largely unrelated to forces at work in the real world" such as regional private economy, transportation, and technological developments.

The two planners criticized the lack of analyses on needs versus cost and noted that "the plan fails to identify and define the interests of the regional community as opposed to those of localities."

"If the National Seashore is a regional facility, is access to the Seashore a regional facility? That is the kind of issue a regional plan should focus upon," said Zucker. Mount Tamalpais is another regional issue, Zucker declared. "The ABAG plan does nothing to discuss these issues."

At the suggestion of Commissioner Niels Schultz Jr., the commissioners decided to continue discussions on the ABAG plan on Dec. 4, with ABAG officials invited to comment at that meeting.

The Marin County Planning Commission Also:

BEL MARIN — Approved a tentative map of Bel Marin Keys Industrial Park at Bel Marin Keys Boulevard and Hamilton Drive, Ignacio. The Coca Cola Bottling Co. will build a distribution plant in the 9.56-acre subdivision.

TERRA LINDA TERRACE — Approved a one-year extension of the tentative map for the 17-lot Terra Linda Terrace subdivision at Mahogany Drive and Butternut Drive, Terra Linda.

GRADING PLAN — Approved an amendment to the Marin County Code, requiring that grading plans be a part of tentative map submissions. The commissioners made sure that the public works director would have the final say on engineering aspects of all improvement plans, and the planning director would give final approval on landscaping plans.

LAND DIVISION — Continued until Dec. 4 proposed amendments to the Land Division Ordinance, providing a procedure for notifying interested parties of applications filed.

FAIRFAX GENERAL PLAN — Continued until Dec. 4 the presentation of the Fairfax General Plan.

GARDEN NURSERY — Continued until Dec. 4 Roma Weaver's application to convert a general store to a garden nursery at Montezuma and Castro Roads, Forest Knolls.

Strip Act Draws Crowd, Then Arrest

The downtown San Rafael bar was called the Small World and what police said the performer was wearing on stage was even smaller.

When police arrived at the bar at 813 Fourth Street in answer to a complaint Sunday night, they reported the striptease show was well on the road.

Inspector Gilbert F. Freitas said an audience of about 50 men and women were watching a man shed his clothes on a well lit stage at one end of the room.

The man reduced to a bikini in time to music and was about to do an encore when Freitas promptly arrested him on suspicion of disturbing the peace and indecent exposure.

At Marin County Jail, Richard Allen Bingenheimer, 24, of Santa Rosa told police he was being paid $10 a night by the bar owner to put on the show. He had started work Saturday.

Bingenheimer was released on $750 bail to appear in Marin Municipal Court tomorrow at 1:30 p.m.

Forgery Suspicion Brings Arrests

Three young women were arrested by San Rafael police yesterday on suspicion of passing a forged $33 check at the Bemuda Palms Motel, San Rafael.

Police said a search of the girls' apartment at the motel disclosed a heating spoon and syringe under a mattress. One of the girls, Shirley J. Fabian, 22, of 18 Crestwood Drive, San Rafael was further charged with suspected possession of narcotic equipment.

The other suspects were Linda Margaret Mayer, 18, of 540 Heatherway, San Rafael and a 17-year-old San Rafael juvenile. Miss Fabian and Miss Mayer were being held in Marin County Jail today on $1,875 bail.

Marinites To State Posts For Kennedy

William M. Taylor of San Anselmo and Joan Diamond of Sleepy Hollow were named to state posts Sunday in the Citizens for Kennedy in '68 movement.

Representatives of chapters throughout the state met in Berkeley and Los Angeles, and by telephone selected Taylor as Northern California chairman and Miss Diamond as state chairman of the organization's yough group.

Taylor, 34, a mutual fund and insurance broker, lives at 185 The Alameda. Miss Diamond, 17, lives at 30 Ichabod Court. A senior at Sir Francis Drake High School, she is a daughter of Irwin P. Diamond, dean of students at College of Marin.

Clayton Rost, Palo Alto attorney, was named state chairman.

The organization has about 6,000 members in 50 chapters across the nation, Taylor said.

Mercenary Deal Denied By Seoul

WASHINGTON (AP) — A South Korean official denies his country is sending combat troops to South Vietnam to repay massive U.S. economic aid and trade concessions.

Ambassador Kim Dong-Jo said South Korea's contribution of troops to the Vietnam war "is not in any sense a mercenary action."

His comments came yesterday following publication by the St. Louis Post-Dispatch of a story saying South Korea is receiving millions of dollars worth of special aid and trade concessions in return for providing combat troops in the Southeast Asian struggle.

Grid Bowl Opponents Emerging As Smoke Clears

By ASSOCIATED PRESS

"It is mighty nice," said Tennessee Coach Doug Dickey, "to be wanted at a time like this."

The top postseason college football bowl games began taking shape yesterday, the first day bids could be extended under NCAA rules.

Dickey's once-beaten Volunteers, rated second in the country, will meet Oklahoma, No. 5, in the Orange Bowl in Miami, Fla., the night of January 1.

"We're looking forward to the game," said Sooner Coach Chuck Fairbanks. "It's the one my boys wanted. But we've still got two tough games left."

CAN CLINCH TITLE

Oklahoma can clinch the Big Eight title by beating Nebraska Thanksgiving Day and then Oklahoma State. Tennessee can wrap up the Southeastern Conference title with victories over Kentucky and Vanderbilt.

Alabama accepted a bid to meet the Southwest Conference champion in the Cotton Bowl Jan. 1 in Dallas. Bear Bryant's ninth-rated Crimson Tide is 7-1-1. If Texas A&M wins its traditional contest with Texas Thursday, the Aggies would be the host club.

Texas, Texas Tech and Texas Christian also still have a chance to go to the bowl. It will be the third appearance in the Dallas game for Alabama, which beat A&M 29-21 in 1942 and lost to Rice 28-6 in 1954.

Wyoming, the last of the major unbeaten college teams, will meet Louisiana State in the Sugar Bowl in New Orleans, La. The Cowboys, 10-0, are rated seventh in the latest poll. LSU is 5-3-1.

The news of the bid was warmly received in Laramie, Wyo., where students, players, the university president and even the governor showed their excitement. Some 10,000 residents of the state are expected to make the trip.

Southern California, of course, will be the host team in the Rose Bowl. The Trojans assured themselves of the Pacific 8 title with its 21-20 victory over UCLA. Indiana and Minnesota still are in contention for the Big Ten spot.

Indiana can go to the bowl if it beats Purdue or if it ties Purdue and Minnesota loses to winless Wisconsin. If both lost Indiana goes. The Hoosiers have never been to the Rose Bowl.

Colorado accepted a Bluebonnet Bowl bid for Houston on Dec. 23. The runner-up in the Southwest Conference could be the opposing team as could Georgia, which has also been sounded out by the Liberty Bowl, to be played in Memphis, Tenn., Dec. 16.

GATOR BOWL

Penn State, 7-2, accepted a bid to the Gator Bowl in Jacksonville, Fla., Dec. 30. Chances are the opposition will be provided by the winner of this Saturday's Florida-Florida State game.

Miami is thought to be a Liberty Bowl possibility if it beats Notre Dame this week. Missouri was considered for the game, but the team decided yesterday against accepting any bowl bid.

Mississippi, 4-3-1, will go to the Sun Bowl in El Paso, Tex., on Dec. 30. The selection committee was reportedly considering six teams—Syracuse, Nebraska, Florida, Florida State, Arizona State, and the University of Texas at El Paso—as possible opponents.

Pressure Builds For Tars' Football Playoff

JIM GILMARTIN

We'll Pick Scribes In This Grid Game

THE RINGER — They're going to play a funsies game at College of Marin. It will be a touch football tussle between the staffers of the school newspaper, The Tower Times, and the Student Government All-Stars.

I think the Tower Times should be installed as solid favorite because its lineup will include a couple of varsity heroes — halfback Tim Harr, one of California's leading performers, and defensive half Joe Cunningham.

NORM KREUTER

Cunningham ligitamately qualifies for the newspaper team because he is a sports writer.

But Harr????

"Well," a Times spokesman clucked, "Tim once wrote a letter to the editor which we published. So, that makes him a member of the staff, doesn't it?"

HARR-de-Harr-Harr.

ATTENTION YACHTSMEN: Do you have marine growth on your bottoms? Well, that's a hull of a note.

I have a remedy. A unique hull cleaning service called "Scuba Scrub" (whee) is now available in the Bay Area. It's a vacuum cleaning process which thoroughly removes all marine growth from hull bottoms!

Hurry, Before It's Too Late

One of the firm's owner is Milton T. MacDonald Jr. of Belvedere's San Francisco Yacht Club. For further information contact Scuba Scrub at 2152 Union Street, San Francisco. And hurry before your bottom deteriorates.

JIM SHORTS: Don Hawken of San Rafael, only a freshman, is ranked number four man on the outstanding Brigham Young University varsity golf team . . . **Ray Leach,** Novato High senior who will attend BYU next year, also on a golf scholarship, visited Don recently at the Provo, Utah campus.

Tom Washington, president of Novato's Indian Valley Men's Golf Club, has started the ball rolling for the second annual Marin County Gold Tournament of Champions next summer. A lottery will determine site of the playoff, matching the men's champs of the six Marin golf clubs.

Thurmond Is A Cover Boy

Nate "The Great" Thurmond of the S.F. Warriors is a cover boy! An actionshot of him and Philadelphia's **Wilt Chamberlain** from last season's playoffs adorns the cover of the official National Basketball Association guide, hot off the presses.

Norm Kreuter, former three-sport all-star at Tam High, played his last college football game Saturday when his University of New Mexico teammates lost to New Mexico State. A 6-foot-1 utilityman, Kreuter started the season as an end but finished up as a tailback. The Army veteran's best play of the season was a touchdown pass thrown off the tailback-option play.

And **Jerry Kirkpatrick** of San Rafael played right guard this season on Dartmouth's fine varsity team.

LESTER STOPPED IN SIXTH ROUND

Jimmy Lester (right) of San Francisco recoils from a body blow delivered by Bennie Briscoe in sixth round of their scheduled 10-round middleweight bout in Philadelphia last night. Moments later Referee Joe Sweeney stopped the fight, awarding Briscoe a technical knockout victory after he gave Lester a terrific pounding. (AP Wirephoto)

Hartnell Boasts Ground Attack

By KIMO CAMPBELL

Big game week, and the pressure builds. Saturday's clash between the streaking College of Marin Tars and the Hartnell College Panthers in Salinas will be the biggest game the Mariners have ever played. At stake: a shot at the state small schools championship.

The two teams have identical won-lost marks (8-1) with Hartnell's only loss a 20-15 defeat to Laney and Marin's loss an opening-game fiasco with San Jose City College. Marin ended its regular season in handsome style last Friday night by whitewashing traditional nemesis Santa Rosa 23-0. Hartnell wrapped up the playoff berth with a 43-22 win over its traditional rival, Monterey Peninsula Junior College.

The schools have contrasting back grounds and football traditions. Marin, a growing school with a day and night enrollment of more than 5,000, has already surpassed the greatest records in its football history by winning eight straight. Hartnell, however, a tiny school of 2,000 in the agricultural area of the Salinas Valley, has often produced excellent teams, topped by the 1952 club that went to the Junior Rose Bowl and tied Bacone St. (Okla.) 20-20. Marin and Hartnell have met seven times in football, the last game in 1953. Hartnell has won six of the seven.

RUNNING TEAM

Hartnell is not about to stun the football world with any radical new offensive pyrotechnics. The Panthers are simply a "gut" team. They hit straight up the middle, disdaining frills and deception. A forward pass is almost alien to their attack — as in the Monterey game, when they threw a grand total of four.

The reason the Panthers stay on the ground is that they win consistently with the program — not surprising, considering who the running backs are.

RALPH (ROCKY) THOMPSON. Scored four TD's in last Saturday's win over Monterey. Has 17 TDs on the year, leads the state with 130 points. A 6-1, 205-pound halfback from Chicago, Thompson has 813 yards dushing for the year. Thompson can break open any game with line smashes, long gains, or his superb placekicking. (In the Monterey game he was short—but not by much — and perfectly straight on a field goal try that woudr have been 52 yards.)

DICK SMITH. A 6-2, 195-pound halback who runs the 100 in 9.7. Not surprisingly, another gamebreaker. Has 799 yards and 15 TDs for the year.

LARRY CRAWFORD. 6-1, 230, fullback. Just 490 yards and 8 TDs. A bull up the middle and a tough blocker for the other backs.

Hartnell will alternate two men at the quarterback slot-started Dennis Bossetti, who runs and hands off, and Joe Balgue — who passes. How did he get in there? Balgue was effective at his specialty, hitting on 19 of 37 for 450 yards and six TDs.

In the line, some of the more impressive Panthers are center-defensive tackle Mark Sindel (220), middle guard Bruce Olson (270) and tackle Ted Gearhart, (240).

A fair opponent. But perhaps a bit overconfident. The radio commentator after the Hartnell-Monterey game opined that since the "GVC was weak this year" and the southern schools were also below par, the Monterey-Hartnell game should have been the state playoff. Hmmmm. The Tars might have a word or three on that topic.

648 PLAYOFF GRID TICKETS GO ON SALE

Tickets for College of Marin's Northern California junior college football playoff game against Hartnell College Saturday night at Salinas High School are on sale at the Kentfield school's book store located in the College Center Building.

Priced at $3 apiece, they will be available through tomorrow night. Marin has been allotted only 648 tickets to the game, said Director of Athletics Harry Pieper, "and we expect them to go fast. All seats are reserved."

Hartnell's stadium in Salinas has a capacity of only 4,000, Pieper said. "They expect a complete sellout before the day of the game," he said. "We strongly advise Marin fans planning to attend the game to purchase their tickets here in advance, rather than waiting until the day of the game." The book store is open 8 a.m. to 4 p.m. and 6:30-8:30 p.m. today and tomorrow.

Marin, the Golden Valley Conference champion, and Hartnell, Coast Conference titlist, will play for the right to meet the Southern California championship team in the state's small school finals on the Dec. 1-2 weekend.

Trojans Land No. 1 Spot

By ASSOCIATED PRESS

Tennessee gets a last chance to dislodge Southern California from first place in The Associated Press' major-college football poll Saturday and an overwhelming victory by the Volunteers probably couldn't come at a more opportune time.

A decisive triumph by the Volunteers over a relatively weak Kentucky Wildcat team could play a large part in the final balloting for the national championship.

Southern Cal completed its regular campaign by defeating UCLA 21-20 last Saturday. Tennessee has two games remaining, against Kentucky (2-7) Saturday and against Vanderbilt (2-5-1) the following week.

The final poll will be taken after this Saturday's games and announced next Tuesday.

In the latest vote by a national panel of 47 sports writers and broadcasters, USC collected 21 votes for first place and 432 points. Tennessee received 15 votes for the top position and 410 points on a basis of 10 points for a first-place vote, 9 for second etc.

Kentucky lost its first six games, then beat West Virginia 22-7 and Vanderbilt 12-7 before bowing to Florida 28-12 last Saturday.

Tennessee boosted its record to 7-1 the past weekend by downing Mississippi, 20-7. The Vols lost only to UCLA in the season opener for both teams.

Purdue remained a solid third in the latest poll, drawing 380 points, including 90 for nine first-place votes. The Boilermakers (8-1) beat Michigan State 21-7 last weekend.

UCLA, the leader a week ago, changed positions with Southern Cal in slipping to the No. 4 spot. Oklahoma, a 14-10 winner over Kansas, advanced two places to fifth.

Notre Dame, the defending national titleholder, climbed from ninth to sixth after routing Georgia Tech, 36-3. Wyoming is seventh followed in order by Oregon State, Alabama and Houston, the latter two teams replacing Indiana and North Carolina State in the rankings.

The Top Ten, with first place votes in parentheses, season records and points on a 10-9-8-7-6-5-4-3-2-1 basis.

1. Southern California (21)	9-1	432

MIRA AND SPURRIER

They Might Get Chance

SAN FRANCISCO (UPI) — There was speculation today that either George Mira or rookie Steve Spurrier would start Sunday at quarterback for the San Francisco 49ers agaist Baltimore, the only unbeaten team in the National Football League.

But Coach Jack Christiansen refused to say who his starting quarterback would be. He wouldn't even say whether Mira, sidelined with an injured knee, might be removed from the injured waiver list and activated for the Colts.

FOR NEXT YEAR

"From now on, the people who will be playing are the ones who are likely to be playing next year," said Christiansen.

This season he has gone all the way with quarterback John Brodie. Mira is playing out his option this year and wants to be traded so he can play regularly.

Christiansen believes he can experiment only at quarterback and running back. He has already used several different running backs.

San Francisco (5-5) has been eliminated from any chance of winning the title in the NFL's Coastal Division this year. The Prospectors have lost their last four games after opening with a glittering (5-1) record.

Big Question: Can Raiders Win Without Clem Daniels?

OAKLAND (AP) — The Thanksgiving Day question for the Oakland Raiders will be, can they win without Clem Daniels, their all-purpose halfback?

Daniels fractured a fibula bone above his right ankle against the Miami Dolphins last Sunday as the American Football League's Western Division leaders ran their record to 8-1 with a 31-17 victory.

The Raiders meet the Kansas City Chiefs in a Thanksgiving Day game in which Daniels' running speed and pass catching skill will be sorely missed.

Before his injury Daniels had rushed for 575 yards and caught 16 passes for 222 yards and two touchdowns. His combined rushing-receiving total was the team's best.

He leads the AFL in career rushing with 5,101 yards.

The ankle injury will keep him in a cast for four weeks. The regular season has but five weeks to go. Daniels won't play any more this season unless the Raiders go into post-season playoffs without him.

Golfer Ed Victor Is Really Victor

Ed Victor was victorious Sunday in the Mill Valley Golf Club's "Turkey Shoot" gold tourney with a low net score of 87-30—57. He was followed by Don Young, 84-24—60 and Paul Taylor, 74-12—62.

In the Junior Division, Jeff Martin won first place with 68-10—58.

Pilous Sues NHL Seals For 105 Gs

SAN FRANCISCO (AP) — The Oakland Seals club of the National Hockey League has been sued for $105,000 on a charge of breach of contract by Rudy Pilous, coach and general manager before the team shifted from the Western Hockey League to the NHL.

Pilous contended in his suit yesterday that he signed a four-year contract May 18, 1966. He said it was terminated June 16, 1967, 13 months later.

He declared the contract provided $25,000 a year as coach, $10,000 more as manager, and a $10,000 bonus if the Seals finished above three other teams.

Pilous said he expected to remain as coach after the Seals moved into the NHL this season. But Olmstead, brought in as general manager, took over as coach after Pilous departed.

S.F. State, San Diego In Bowl Tilt

SACRAMENTO (UPI)—Western small-college football powerhouses San Diego State and San Francisco State will clash Dec. 9 in the Camellia Bowl.

Bill Golsong, president of the Camellia Bowl Association which sponsors the annual regional match, made the announcement yesterday.

UNBEATEN

The San Diego Aztecs are unbeaten in nine games this season and have won 25 games in a row back to the 1965 season. Coach Don Coryell's Aztecs are rated the top small-college team in the country and will close their regular season at home Saturday night against Utah State, a major college foe.

San Diego State is 1967 champion of the California Collegiate Athletic Association.

ONE LOSS

San Francisco State, 9-1, won the Far Western Conference football championship this season under coach Vic Rowen. The Gators only loss was 28-21 to Santa Clara.

The Gators boast one of the best passing attacks in collegiate football with quarterback Bob Toledo and tight end Ed Koontz setting several NCAA small-school and major-school records for passing and pass catching.

FIGHTS LAST NIGHT

PHILADELPHIA — Benny Briscoe, 159, Philadelphia, stopped Jimmy Lester, 159, San Francisco, 6.

PROVIDENCE, R.I. — Bob Foster, 179, Washington, D.C., outpointed Ed Vick, 194, New York, 10.

ST. LOUIS — T.J. Jones, 162, Chicago, outpointed Art Hernandez, 162, St. Louis, 10.

LAS VEGAS, Nev.—Ernie "Indian Red" Lopez, 147½, Pasadena, Calif., stopped Doug MacLeod, 149½, Grand Rapids, Mich., 4.

Reds Trade Tommy Harper To Tribe In 4-Man Deal

CLEVELAND (AP) — The Cleveland Indians acquired outfielder Tommy Harper today from the Cincinnati Reds in exchange for first baseman Fred Whitfield and pitcher George Culver.

The Reds also get outfielder Bob Raudman, whose assignment from the Chicago Cubs to Cincinnati was arranged by the Indians.

An Indians spokesman said Cleveland and Chicago had yet to work out an arrangement on Raudman.

Harper, 27, has spent five years in the majors, all with Cincinnati in the National League. His lifetime batting average, not including last season, is .260. He played in only 103 games last season because of a broken wrist and batted 225.

In 1965 he led the National League in runs scored with 126 and hit 18 homers, driving in 64 runs.

Whitfield, 29, appeared in 129 games for the Indians last season, hitting .218 with nine home runs. Culver, a 24-year-old right-hander, had a 7-3 record for Cleveland last season with a 3.96 ERA.

Prep Cage Teams Swing Into Action

This is a distinctive week and not just because of Thanksgiving.

Now that they've put away all that expensive football gear for another year in the Marin County Athletic League, basketball is just around the corner.

Like tomorrow night, not waiting for the football body to get cold.

Six of the seven MCAL teams open their practice season this week, with the only exception being defending champion Drake High, which doesn't start its season until Wednesday, Nov. 29 against Tournament of Champion runnerup Balboa of San Francisco.

The Pirates will probably need all the time they can get, as Coach Carl Brown tries to put together a unit out of a nucleus of one solid veteran.

Don Alvarado is the only returning veteran from last year's squad that swept to the MCAL title, losing only one loop game along the way.

Brown will have some experience in 6-foot, 3-inch center Don Stone and guard Art Pla, a potentially fine shooter, plus two junior varsity aces in Fred Westcott and Mike Gaffney.

San Rafael, shorn of all of its five starters from a team that finished a surprising fourth in the league last year, starts from scratch, beginning tomorrow night at Sonoma in a non-league contest at 8 o'clock.

The lone veteran with significant experience is senior John Hewitt but coach Mike Diaz also has Steve Durham, top Marin scorer in the summer league, plus little Bill Nave, a top ace on San Rafael's B team last year.

The Bulldogs also host Napa at San Rafael Friday night at 8.

Promising Tamalpais contents team in the league, also opens against its alumni tomorrow night, at 8 sporting a new coach and a heck of a lot of veterans, itself with a date with an alumni team at Tamalpais tomorrow night at 8 o'clock and coach Bernie Schneider will get a chance to see if he can come up with some players to augment a trio of outstanding veterans.

Schneider has 6-3 Pat Schafer, at center, plus guard Leroy Barrow and hot-shooting Floyd Jackson, all returning starters. All three could be super-stars and will help push the Indians into favorites' roles again, a spot they were on last year.

And last year, the Indians folded after an unbeaten first-half showing in league play.

Marin Catholic, the deepest Former San Rafel Military coach Larry Fulton makes his bow as Wildcat coach, and he has enough talent to juggle around, but little height.

There's Ches Bornia, a second-string all-leaguer at a forward, junior guard Harry Matsinger, a fine but streaky shooter, free-throw expert Rick Garms and Stacey Schafer to start a nucleus of returning starters.

The only thing that will hamper the Wildcats is a shortage of height. Bornia is the tallest at 6-3.

Redwood makes its bow Friday night, hosting Santa Rosa.

Coach Dick Hart goes with a mixture of tall veterans and some fine talent up from the B team, including Roger Smith, brother of former ace Russ Smith, now at College of Marin. There's also 6-5 Jim Marck and 6-6 Dave Dietrich and 6-5 Tom Seidenberg to add height and for speed there's Larry Blackwell and baseball star Ken Johnson, in his first stab at basketball.

Terra Linda opens at Healdsburg Friday night with an inexperienced squad.

Center Bruce Kilby is the lone returning starter, and he'll be a big help on the boards and defense, but he was not among the shooting leaders in the county last year.

Coach Bob Corley will have to find some substitutes for forward Fred Smith, the league's top scorer last year, and guards like Paul Lee and Wayne Arnsbarger.

Novato's record is bound to get better this time around, and the Hornets will try to match it this week in two games, the first at Lick Wilmderding tomorrow night at 8 and again Saturday night against Bishop Hogan at Vallejo at 8.

The Hornets won only two games last year, none at all in league play.

Coach Bill Aires does have two experienced scorers in Steve McNally and Ed Herrnberger to help improve on last year's bad memories.

Palo Alto, San Anselmo Anglers Win Marin Fishing Grand Prizes

STEVENS

"Well, Buddy, it's here — THE END! Although there were times when many of us thought we would never see it, the Kiwanis fishing derbies have finally reached the end of that nine months," writes Charles W. "Chuck" Bennett, one of the hard working members of the Kiwanis Club of Southern Marin County.

"First grand prize in the Salmon Derby was won by Maurice Ledoyen, of Palo Alto, with a fish of 48 pounds, 8 ounces. Mr. Ledoyen has already started making plans for the trip to Nassau and Jamacia. Second grand prize in the Salmon Derby was won by Re Sarraile, Box 343, Bolinas. If you remember, the second prize in the salmon derby is a $365, Carrier Deluxe model air conditioner. Donated by one of the grand people I referred to, Ralph R. Reed, of the Ralph Reed Company, San Francisco.

"THE GRAND PRIZE winner in the Striped Bass Derby was Andy Wurz, 98 Butterfield, San Anselmo. Mr. Wurz has also begun making plans to enjoy his trip. He is going to take his wife and son along for a vacation of fishing and sun in LaPaz, Mexico. Andy Wurz's striper weighed in at 48 pounds, 3 ounces."

Actually there was no great profit accruing to the Kiwanis club but, they did break about even, and the venture is rated as a success. Apparently there were valuable "fringe benefits." Bennett writes: "At least four of our members who had done little or no salt water fishing are now 'hooked,' myself included. Also, we have become aware of and concerned about the problem of conservation and pollution. I find myself writing letters that I would never have dreamed I would write."

MARIN COUNTY anglers, along with trout fishermen in South County and metropolitan areas, should welcome news just released from the Resources Agency of California. One hundred thousand subcatchable rainbow trout have been stocked in Marin and Napa Counties to help provide opening day limits to anglers in the central coastal region.

Half of the 100,000 allotment went to Hennessey Lake in Napa County; 35,000 were released in Bon Tempe Reservoir and the remaining 15,000 were planted in Lagunitas Reservoir in Marin County.

STILL ON the subject of trout, the opening paragraph of a release from "Trout Unlimited" sounds interesting. It is: "California fishermen were promised restoration of three and one-half miles of Shasta County's Lower Hat Creek into what may become one of the finest trophy wild trout fisheries anywhere in the United States." The project is a four-way deal—the close cooperation of Pacific Gas and Electric Company, Wildlife Conservation Board, the Department of Fish and Game and California Trout Unlimited. It all hinges on the building of a rough fish barrier and restoration of Lower Hat Creek on Hiway 299 near Burney. We will watch the progress of the project with great interest.

Marin Swim Club Sweeps Honors In Mountain View

There's nothing like a vacation to make a team chipper.

The Marin Swim Club, after a six-week layoff, got back into age-group swim action by copping an impressive first-place finish Saturday and Sunday at the fourth annual Mountain View Turkey Relay meet, coming out ahead of 24 other teams.

The Marin Swim Club finished with 365 points, for a decisive edge over powerful Arden Hills with 249 points and San Rafael Swim Club with 196 points.

The winners garnered 10 first places, 8 second places and 10 third places for the edge. Leading the way were the age 15-17 boys' relay teams and the girls' 15-17 teams with four and three first-place finishes respectively.

San Rafael was paced by the girls' 11-12 relay team of Jo Hislop, Kristen Peterman, Tami McDuffie and Luci Suttles. The girls captured four first-place medals.

Mets Pitcher Tom Seaver Named National League's Top Rookie

COMBINED AP & UPI

NEW YORK — The last-place New York Mets have a first today in pitcher Tom Seaver, the National League's Rookie of the Year for 1967, and they have the luck of the draw to thank for it.

They can thank, too, the 11 members of the Baseball Writers Association of America, who voted for Seaver, the cool, confident 23-year-old winner of 16 games last season.

Two other right-hander pitchers were mentioned in the voting announced yesterday. Dick Hughes of the champion St. Louis Cardinals drew six votes and Gary Nolan of Cincinnati collected three.

Hughes posted a 16-6 record while Nolan had a 14-8 mark.

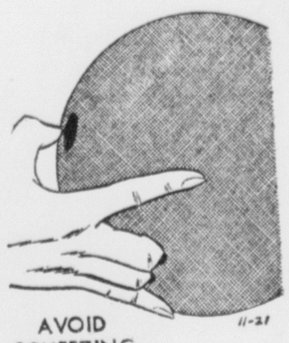
BOWLING TIPS

By MARION LADEWIG



AVOID SQUEEZING THUMB

Sore thumbs can be caused by a variety of factors. I am sure that some people's thumbs are more sensitive than others and that some are shaped so that they are irritated by the throwing of a bowling ball, no matter how well fitted. Much trouble can be prevented, however, by making certain that your finger holes are measured and drilled by a competent person. Insert the thumb as far as it will go and try to avoid squeezing.

Thurmond Takes Lead In Scoring

NEW YORK (AP) — Nate Thurmond has replaced his San Francisco Warrior teammate, Jim King, at the head of the National Basketball Association scoring parade.

The big center, who was fifth the previous week, has scored 450 points for a 22.5 per game average through games of last Sunday, league statistics released today revealed.

King now is second with 437 points and a 21.6 average. Dave Bing of Detroit replaced Zelmo Beatty of St. Louis in third place, with 434 points, and Beatty is fourth with 430.

Autocross Slated At Cotati Sunday

A Turkey Gobbler Special, Northern California Sports Car Club-sanctioned autocross, will be held at Cotati Raceways Sunday starting at 9 a.m.

Cost is $3.50 per person or $6 a couple. Requirements include tubes in tires and seat belts. Helmets are available, according to the sponsoring Marin G.T. Club. Registration opens at 8:30 a.m. the day of the race.

Stockton, Hammer Triumph

RANCHO LA COSTA, Calif. (UPI)—A pair of young golfers, one from California and the other from Florida, were $11,000 richer today as a result of their come from behind victory in the $115,000 Haig Scotch Golf Tournament yesterday.

Dave Stockton, 26, San Bernardino, and his partner Laurie Hammer, 24, Sarasota, Fla., split the $22,000 first prize pot by combining to fire a 36-33-69 in the rain-delayed final round over the Rancho La Costa Course.

Their final 72-hole total of 273 enabled them to nip Bob Lunn, Sacramento, and his partner Richard Martinez, Laguna Beach, by one stroke.

Lunn and Martinez were tied for the lead at the end of the second and third rounds and carried a three-stroke lead into the final nine yesterday.

But the Stockton-Hammer team managed to catch up on the 69th hole (15th) when Lunn and Martinez shot a bogey four when they three-putted for the first time in the tournament.

Oaks Put Quick End To Muskies Streak

OAKLAND (AP) — The Oakland Oaks have stopped the five-game winning streak of the Minnesota Muskies, with Levern Tart scoring 25 points to lead the hometowners to a 116-110 win.

Tart was held to two points in the first half last night under the tight guarding of the Muskies' Don Freeman, but he broke loose in the final period.

Willie Porter also starred for Oakland, bucketing 24 points and pulling down 18 rebounds. Porter won a backboard duel with Minnesota's Mel Daniels, who was held to 10 rebounds.

The Indian Valley Men's Golf Club of Novato held the third round of its Rosehill two-man best ball tournament Sunday at Lake Stafford in Novato.

The results:

Tom Washington-Bill McVicker d. Ken Boyd-Frank Seidensticker, 4 and 3; Bill Reilly-Jack Purcell d. Bob Capehart-Bill Brady, 3 and 2; John Machado-Bob Hachmyer d. Bud Sparrow-Al Leach, 3 and 2.

In the consolation flight, Tom Hardcastle-Art Sears d. Dale Anderson-Bill Schoenfeld, 7 and 6; Bill Boggs-Rowe Waller d. Phil Nathan-Jerry Gransee, 3 and 2; Tommy Thompson-Jerry Hannigan d. Bob Richard-Bob Lagel, 6-up.

Willard Stars In Cage Game

Former Novato High School star Nick Willard scored 31 points last night to lead Brandon Tire to a 73-59 victory over the San Rafael Teachers in the Class A San Rafael Adult Basketball League. Mike Diaz, basketball coach at San Rafael High, led the losers with 16 points.

In Class C II League action, Dan Coleman Associates downed Fairchild, 56-42, and the Gophers whipped Golden Gate Seminary, 40-25. Don Meroff scored 34 points to lead the Coleman team, Mike Feldtman led Fairchild with 119 and Ron Treabess scored 15 for the Gophers.

Long, Long Fight

NEW ORLEANS (UPI)—Jacke Burke and Andy Bowen fought 110 rounds at New Orleans in 1893. The fight—believed the longest in history—lasted seven hours and 19 minutes. It ended in a draw.

San Rafael Dominates Girls' Sports Competition

It's a good thing the San Rafael girls don't play volleyball, or didn't get a chance to.

The San Rafael girls' sports team swept two out of three titles in the fall version of the first official Marin County Athletic League girls' sports season.

San Rafael took both the swimming and tennis competition titles with perfect 6-0 records but failed to place in the volleyball competition for lack of an entry.

Redwood took the volleyball title, also with a 6-0 mark.

Runnerup in volleyball was Tamalpais with a 4-2 mark, followed by Marin Catholic at 2-4 and Drake at 0-6.

Candy Smith and Kathy Kornelis were co-captains of Redwood's championship team, coached by Myrna Reed. Other members were Pam Doherty, Toni Soldano, Nusi Dekker, Inge Rudolph, Barbara Brooks, Nancy Kosta, Bonnie Long, Laurel McMurphy, Stephanie McMurray, Joanne White, Roberta Butler, Jan Camara, Mary Miller, Cindi Nelson, Cathy Patterson, and Debbie Wells.

San Rafael, Redwood, Terra Linda and Drake took care of most of the top times in the swim competition and headed the top order in team standings. Redwood was runnerup at 5-1, followed by Terra Linda and Drake at 3-2-1, Marin Catholic at 2-4, Tamalpais at 1-5 and Novato at 0-6.

Diedre Bullis of Drake, Kathy Flaherty of Terra Linda and Linda Locati of Redwood all had league, Diedre in the 100 butterfly (1 minute, 7.5 seconds) and the 50 butterfly (31.1;, two top infividual times in the Kathy in the 50 freestyle (27.6) and the 50 backstroke (34.0) and Linda in the 100 backstroke (1:09.8) and the 100 I.M. (1:09.9).

Other top individual times were held by Kathy Hislop, San Rafael, 100 freestyle (1:00.8); Sue Carlisle, Drake, 100 breaststroke (1:16.9) and Teresa Carlisle, Drake, 50 breaststroke (35.5).

The top divers were Holly Mensing of Drake and Leslie Giannini of Novato. Both had 5-1 marks in league competition.

The San Rafael swimmers were coached by Mrs. Nancy Ridout.

Redwood once again provided the top competition for San Rafael in the tennis division, finishing second with a 5-1 mark. Tamalpais was next at 4-2, followed by Novato at 3-3, Drake at 2-4, Terra Linda at 1-5 and Marin Catholic at 0-6.

Members of the championship San Rafael team coached by Bev Beeler were Sharon Walsh, Connie Croker, Mary Jo Morgan, Kathy Weis, Doris Austin, Claudia Neuwald, and Nancy Vayssie.

SUCCESSFUL INVESTING

Gambling Means A Likely Setback

Q. I have invested in a very few stocks since I have only a small amount to invest. One of my issues is Hotel Corp. of America which I bought at 5 and is now at 17. Also, I own some issues which are a gamble, but that is what I like to do. Can you advise me of any nuclear stocks that look good but are low priced?—S.H.

A. There is nothing wrong about gambling in stocks, provided you can afford to lose and realize fully that is what is likely to happen. Your Hotel Corp. stock has gone up in large part because of the takeover of hotel chains by large corporations in the recent past. TWA merged with Hilton International, and ITT proposed similar action with Sheraton Corp. I know of nothing now in the wind as regards Hotel Corp., but I believe the shares are well worth holding. I cannot recommend a low-priced uranium stock which I consider a sound value. There has been a lot of speculative interest in this field and I would look elsewhere fro gambling — if that is what you feel impelled to do.

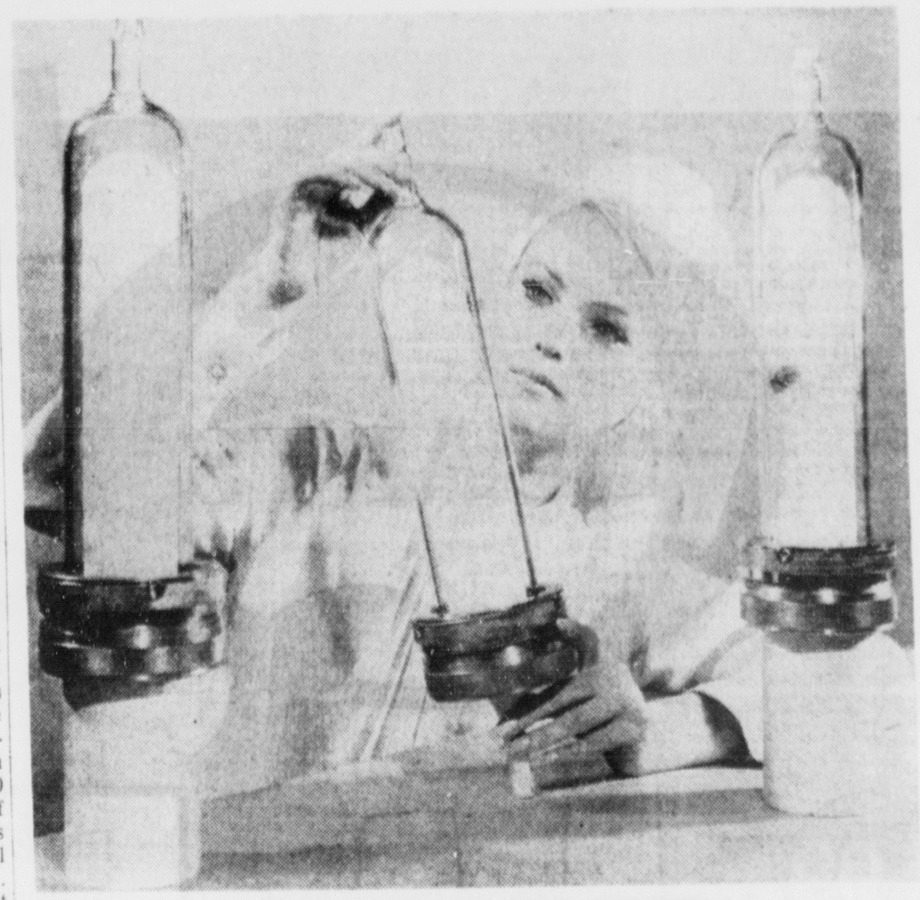
Q. A friend plays the commodity market. He is able to buy commodities on much lower margins and is thus able to realize much bigger gains. — P. A.

A. It is true that you can speculate in commodities on a relatively low margin basis compared with stocks. In some instances you need to put up only $10 and the broker will loan you the other $90 for each $100 of commodities purchased. If the particular commodity rises 10 per cent on price, you will double your own money. Remember, though, that if it declines, your margin may quickly be wiped out and you will either have to sell at a loss or put up more cash. Commodity trading, in my opinion, is strictly for professional traders.

California Fig Pack Above Last Year's

SAN FRANCISCO (AP) — Partly with the help of convict labor, California canners exceeded last year's fig pack by 7,200 cases, reports the Canners League of California.

The 1967 fig pack of 282,008 cases compares with 274,806 for 1966.



AIDS IN MIRACLE DRUGS

Ashley Rhodes inspects microporous filters at the Selas Corp. of America plant in Dresher, Pa. The filters, capable of screening out bacteria and other microscopic particles smaller than 12 one-millionths of an inch are used in manufacture of miracle drugs, vaccines and pain killers where absolute purity and sterility are required. They are also used in biochemical research, including the preparation of sterile tissue cultures for breeding virus organisms that may lead to a cure for cancer. (UPI Telephoto)

New Vice President For Plywood Papers

NEW YORK (BW) — J. Lynn Johnston has joined U. S. Plywood-Champion Papers, Inc., as vice president-real estate investment.

Johnston, who has more than 30 years experience in real estate investment and development, will be in charge of the company's real estate division. He will be headquartered at the firm's New York office.

Marin Banks Anticipate Rate Hikes

Most Marin bankers are anticipating they will have to raise their rates on loans in a matter of days.

By this morning several key banks began to raise their minimum lending charge from 5 and one-half per cent to 6 per cent, following the action yesterday of Continental Illinois Bank and Trust Co., Chicago.

Edward Johnson, vice president at Wells Fargo Bank's San Rafael office, said the average real estate loan rate of 6 and three-quarters per cent will probably go up to 7 and one-quarter per cent.

Few "prime" or minimum rate loans are made in Marin, he said, but most other bank lending charges are scaled upward from the prime rate.

Robert Lollick, an officer at Crocker-Citizens National Bank, San Rafael, said instructions to raise rates would be received at any time.

Bert Kirchner, vice president of Bank of America, said locally based banks are in a slightly different situation than larger institutions but he said there has been "a strong upward pressure on lending rates" and it seems likely average loan charge increases will be widespread.

The increase in the prime lending rate followed the Federal Reserve's discount rate increase from 4 to 4 and one-half per cent, which in turn resulted from Great Britain's devaluation of the pound on Saturday.

Stocks Rise, Cutting Loss Of Yesterday

NEW YORK (AP) — Multipoint gains were made by glamor stocks as the stock market closed higher today, more than canceling the losses of yesterday.

The market rose from the start in a resumption of the strong recovery drive which followed the initial jolt early yesterday on news of Britain's currency devaluation.

The Dow Jones industrial average at 2 p.m. was up 11.33 at 869.11.

Gains outnumbered losses by 4 or 5 to 1.

Polaroid, which announced a stock split and dividend hike, ran up 15 points.

IBM advanced 18 points, Xerox 7, Control Data 4, Scientific Data 10, Whittaker and Fairchild Camera more than 4 each.

The devaluation of the British pound and the boost in U.S. interest rates were being seen in better perspective, analysts said. At the same time, it was regarded as a healthful sign for the interest rate structure that Chairman Wilbur D. Mills, D-Ark., of the House Ways and Means Committee was calling for a hearing to consider the income surtax and a cost-cutting package.

New Home Due Lucas Valley Dairy In San Rafael Early Next Year

By the first of February—perhaps sooner—there should be a new home for Lucas Valley Dairy in San Rafael—some distance removed from its long established offices and bottling plant at Second and Ida streets.

This will be near the Marin Surplus Store on Simms Street, but owing to the unusual entrance features it may or may not carry a Simms Street address. The new site covers about 60,000 square feet, on which two buildings will be constructed—one for offices and another as a distribution terminal. There will be no bottling—this is now done in Petaluma at the Petaluma Cooperative Dairies.

Hayes Associates, Mill Valley is designing the facility. R. E. Nolan and Son, Inc., San Anselmo will build it, with work to start probably in another week. Depending upon the weather, construction will take about two months.

Speculation is running high as to what will be done by the Grady family with all the property at West End, which not only includes the present Lucas Valley site but also the land where the now defunct Golden Bay Rambler agency on Fourth Street was located. Altogether there is something like two acres here—which sounds ideal for a shopping center or commercial complex, but no decision has been made.

DISCOVERY antique store in San Anselmo has moved to new and larger quarters at 341 San Anselmo Avenue, which offers about twice the space it had on the boardwalk at Tunstead Avenue.

Exposure to pedestrian traffic is better and Discovery has three rooms upstairs for showrooms or storage. More furniture stocks will be carried.

Coakley Lindenbaum

PATER T. COAKLEY of Marinwood, director of sales at the Fairmont Hotel in San Francisco for the last three years, has been appointed general manager of the Stanley Hotel in Estes Park, Colo. A resort hotel since it was built shortly after the turn of the century by the inventor of the Stanley Steamer automobile, the Stanley will now begin a year-round operation under new ownership.

European-trained in hotel management, Coakley and his wife and family will move to Estes Park shortly after Thanksgiving.

JACOB LINDENBAUM of Kentfield has been elected a vice president of **Bechtel Corp.** Now serving as San Francisco area manager of the refinery and chemical division, he joined the company 24 years ago as an engineering assistant. His responsibilities include process engineering, startup and process management and design engineering of foreign and domestic refinery and chemical plant projects.

REAL ESTATE. Robert Coman, Realtor has a new address —534 Fourth Street, San Rafael —moved from 1615 Fifth Avenue

. . If there's a face that seems familiar in recent advertisements of Guild Wine Co., the chances are that it is. San Anselmo realty broker **Reggie Waldon** is modeling again.

Muir Beach Apartment Plea Denied

The Marin County Planning Commission yesterday denied apartment zoning for the area immediately adjacent to Muir Beach and decided that the area should be rezoned for minimum 10,000-square-foot lots.

By unanimous vote, planning commissioners denied Mrs. Dunya Chernenko's request for apartment zoning on her 24,000 square foot lot located on the east side of Pacific Way leading from Shoreline Highway to Muir Beach.

Several property owners in the area spoke in opposition to apartment zoning there, pointing out that the creek overflows every winter and sewage already overflows from septic tanks.

Planning commissioners voted for minimum 10,000 square-foot lots for the area on both sides of Pacific Way and Sunset Way, between Shoreline Highway and the beach, which contains about 70 or 80 acres.

Muir Beach itself is under negotiation for purchase by the state for a state park. Therefore, the planning commission decided not to consider the beach for rezoning.

The other areas north and south of the beach will be considered for rezoning to lots with a minimum size ranging from two acres to 10 acres, planning commissioners decided. This rezoning will be taken up again on Dec. 18.

Four Drivers Are Sentenced

Four persons were sentenced in Marin Municipal Court Friday for drunken driving violations.

James Franklin Ball of 96 Laverne, Homestead Valley, was given a suspended sentence of eight days in county jail and placed on one year of probation. He was arrested in Mill Valley April 29.

Stanton Philip Hill of San Francisco received a suspended 90-day jail sentence and was placed on probation for two years. He was arrested by the California Highway Patrol on the Sausalito onramp July 5.

John Edward Fountain of Eldridge, Sonoma County, received a suspended $250 fine. The highway patrol arrested him on Highway 101 Oct. 5.

Sharon Rae Benham of 1113 First Street, Novato, was given a 30-day suspended jail term and placed on probation for three years. She was arrested by Novato Police on Grant Avenue Sept. 23.

Abortion Case Figure Arrested

A former Sausalito man, sought for a year, on criminal abortion charges after the death of a pregnant Petaluma woman, has been jailed in San Francisco after being arrested for shoplifting. Sausalito police said yesterday.

John F. Milos and his wife Bessie, who lived at 1617 Bridgeway, were accused of performaning an abortion on the 24-year-old unmarried woman, who died Sept. 26, 1966, in an ambulance en route from Petaluma to a San Francisco Hospital.

Sausalito issued warrants for the couple Nov. 2, 1966, charging them with the abortion, but the pair disappeared. Both were natives of New York State.

Scalp, Knee Cut As Car, Bike Hit

Joseph Michael Antone, 11, of 328 Bayview Street, San Rafael suffered a cut scalp and cut right knee Sunday when the bicycle he was riding collided with a car at San Rafael Avenue and Lodge Lane, San Rafael, police reported.

He was treated at Marin General Hospital. The car driver was Victor Pierucci of 119 Greenwood Avenue, San Rafael.
